

Q1. Are the following SERVICES satisfactory? Other:	
1	Fire/Rescue is satisfactory but poorly managed and under funded, transfer station hours should be extended
2	beaches
3	PLANNING/ZONING
4	williams road is in real bad shape.
5	broken promises made by the town managers over the last twele years
6	Sewer
7	Street Signs-many missing
8	the taxes are too damn high for the services provided
9	Town beach workers
10	sewerage at lake
11	Please dont spend anymore money. Keep services where they are. This is not MA, CT, NY, ME get the picture. Send those folks home where they can pay more taxes for all the "cute" things they want. Live free or Die. I cant do that if you tax the "Sam Houston" out of me. Stop all this spending.
12	Need more recycling
13	roadside gullys NEED cleaning
14	We desperately need sewers run to Lakeside Drive an South Shore Rd
15	sewer
16	Services to Bear Mt Cove unsatisfactory
17	Dog/Pet area
18	I am not a year round resident thus my responses correspond to my experiences as a summer resident
19	Sewer/water
20	Fix, Widen West Shore Road
21	The town needs to do more recycling including "tin" cans , different classes of plastics, etc.
22	code enfrocement
23	sewers in lake areas
24	to much wasting money on police and fire we are a small town not a big city. lets keep it that way
25	Strongly recommend adoption of the UBC Building Code and apointment of a building inspector
26	Strongly recommend adoption of the UBC Building Code and apointment of a building inspector
27	Hazardous Waste disposal-once/yr
28	negative towards tourist-downtown parking
29	Need speed limit signs on W. Shore
30	need to recycle more trash
31	Need more sidewalks and walkways
32	Completion of Hall Road would be nice.
33	Need a more active chamber to encourage a diverse business base in bristol.
34	would like to see extra help made available for the students of the Everyday Mathmatics program. We have Title I for reading, but nothing for the math.
35	More Services for Seniors
36	Spending too much money for what we are getting. A lot of waste.

37	town planning;youth/job services;addressing the needs of the homelessand the educational needs of the disadvantaged
38	more recycling
39	sewage
40	Trash/Recycling: it would be helpful to have a full-fledged recycling center that can handle and range of recyclables so that people do not simply discard them in the trash at the transfer station. Then, to augment this, it would be good to have some sort of pay-as-you-go arrangement at the transfer station in order to encourage people to use the expanded recycling services and not simply throw recyclables in the trash.
41	Town water
42	We need a multiting platform off Cummings Beach to make the Town's fireworks safe
43	Hope new chief does better
44	Need more senior services
45	Town office needs an elevator for disabled. Trash - needs Sat. hours or Sunday hours. More frequent (everyday) transportation for all and for snrs to Plymouth, Laconia, Bristol
46	Police were helpful and courteous about lost pocket book
47	SIDE WALK - MERRIMACK ST. NEEDS REPAIRS URGENTLY
48	Health services - Nana offers no companion services not that hard to provide names of providers. Cemetery - how does this work no info. Can spouse ride with driver to hospital - should be able to - can always get a taxi or friend back
49	Roads - Hemlock Brook Road is said to be the poorest quality road in twon. However , much building occurs on it.
50	Police - much better
51	All satisfactory we are lucky
52	TOWN NEEDS TO TAKE OVER ROADS THEY PREVIOUSLY APPROVED BE DEVELOPED
53	Need to take on maintenance responsibility for road town approved, but renegeed on maintaining
54	Police - need more presence on back roads

Q2. Are the following FACILITIES satisfactory? Other:	
1	PLANNING/ZONING
2	trash services,I don't like paying 10,000 a year in taxes and then having to pay 5 dollars to throw away a few drywall sccraps
3	Most are not open for those who pay taxes but do not live in Bristol year round. Should provide bi-monthly weekend openings for summer people who contribute to tax base. nd opening
4	Bristol Elementary
5	sewerage
6	Clean up the center of town.
7	we need clean public restrooms available
8	Facilities to Bear Mt cove unsatisfactory
9	DPW needs some gravel, too muddy
10	See comment above
11	We have to put our shredded paper in the compactor because there no container to hold so it won't blow away.
12	cut fire and police by 1/4
13	School Buildings are in need of upgrade/repair and there is a need for community center for elderly people
14	School Buildings are in need of upgrade/repair and there is a need for community center for elderly people
15	need to recycle more trash
16	Town Beaches
17	Need more sidewalks and walkways
18	Need better quality of rest. and other businesses downtown
19	would like to see Kelly Park restored: benches, updated equipment, trash bins etc.: It is used by the schools, pre-school, community center and public. It would be a worthwhile investment!
20	Need new Senior Center
21	Please plan for a center that can serve seniors and the community
22	see comments above
23	need more recycling
24	Pave the transfer station yard
25	Roads: one simple comment -- there is too much reliance on asphalt/pavement in the downtown area, in particular for pedestrian walking areas. Trash/Recycling: see comment from No. 1, above.
26	Need senior building
27	Trash - Cardborad & boxes to hard for older people to dump. Better parking and better access into the communitiy center for all especially seniors
28	Library - too small
29	Common Land like a focal point ie: "A Common"
30	Recyling covered improved area - reusable objects
31	Ambulance - don't know how the system works - we need info
32	Road into recyling area should be paved. Mega traffic there.
33	Don't need a new police buidling
34	SPECIAL "STRAIGHTEN DEAD MANS CUVE IN HEMLOCK BROOK ROAD BULDOZE FROM 285 TO 333 AND ASPHALT OVER 10 YEARS REMOVE LOWER DRIVEWAY @285

Q3. Are there enough of the following types of housing in Bristol? Other:	
1	need business
2	condo
3	Reduce multi-family/Low income Housing - It has a huge negative impact on the community
4	No more subsidized
5	Paint/demo the eyesores on 3A north
6	Not enough information to decide
7	we should allow rental living units in buildings around the square to create and encourage an historic culture of people who buy things downtown and attend downtown businesses
8	lake front cottages
9	Don't need any more!
10	No more low income housing to many problem
11	Elderly
12	too much in town low income and rental. clean up the town of trash
13	No more low income housing
14	more than enough housing...work on the land and beauty of Bristol.
15	i'm not aware of the specific needs of bristol in these areas
16	Habitat for Humanity Homes
17	More accessible ways to enter and travel inside buildings via scooter and wheel chair. Sr. housing in the hill on High Stree, is built the "old fashioned way" - 2nd floor apratments up narrow stairs, no elevators also to go to the very small community room or the laundry the snrs must go out doors on ice and snow sidewalks - carrying laundry, to reach the facility in Winter
18	Too mnay houses converted to businesses
19	EMERGENCY (1 YEAR) SHELTER

Q6. Should new residential construction be encouraged? Other:	
1	encourage additional business
2	Slow the town population growth
3	Stop with the affordable housing discussion ok. I moved to NH from Metro NY area to get away from all that garbage. It ruins communities and liberal politicians think they are doing good. In actuality they are destroying the beauty of a town and convert it into a metro area slowly. Been there done that. Dont walk down this path of developing housing that will increase population density that will drive the need for a municipal empire [more town employees, more police, more fire, more this more that....NO NO NO
4	Rehab existing - paint, etc.
5	Let the market determine
6	Cost of public education>tax collection
7	stop development of lake or you will kill the golden goose. people want to see the lake not houses cluttering the shore line
8	renewal of existing commercial buildings in the downtown
9	renewal of existing commercial buildings in the downtown
10	No Clustering
11	Taxes effect town growth-who pay for pubic housing
12	Don't over burden the schools
13	Low impact, high-efficiency standards
14	Cluster development if it is tastefully designed
15	this is where the town planning commission comes into play...i have no direct knowledge to make such a decision but i fear for the overall"look" of bristol and how it can provide services for such housing units as suggested
16	route 104 approaching Bristol
17	Donate Land To Habitat for Humanity
18	Start a clluster zone with housing , business zone and then a "No building on it zone," set aside ample land around it for ample parks - natural forest etc. that is safe from buildings
19	Newfound lkae area is still pristine and unspoiled. Don't over develop
20	Conservtion subdivisons as close to downtown possible
21	Renovate old buildings
22	MUTIPIL USE ZONES IE CORNER STORES IN NEW NEIGHBORHOODS SEE AROCIBO DR DEVELOPMENT
23	more senior housing
24	Have a small store for quickie purchases. Housing projuects - Admirlaty Village in Kittery ME was half navy personel and half civilians (workers at Protsmouth NAVY YARD) we had a 2 bedroom, kitchen, living room and bath in the civilian side. They had some as single houses and others were duplexes (2houses back-to-back). They were very comfortqble. My husband was attending a two year training class, so we were eligible to live there at a reduced rent . (note) we paid \$27 per month for rent, heat + lights.

Q9. Should the town provide/improve the following recreational opportunities? Other:	
1	Fishing Area & Dog Park
2	Parks for young children (swings)
3	WOW I can pick up massive "Liberal" views here. NO NO NO Do not spend money on this garbage. All this drives incremental expenses and budgets. Everything is fine the way it is. Who is driving all this "Liberal" thought on spending on frivolous items such as tennis courts and skateboards. You think this is Malibu or something. This is a small town in NH. Leave it alone. Dont muck it up. You politicians that are trying to change NH into MA, please go home. Thanks
4	Less water, more sand on Town beaches
5	Let private enterprise determine
6	the town beaches are excellent. Give youth a skatepark. Do not build or support a football field.
7	All this would be fine if it does not increase our taxes as we are paying enough already for all these improvements. They should already be in place
8	Don't need any!
9	Boat access to Newfound Lake for Power Boats ONLY for a fee - and run at a profit
10	Fenced Dog Park
11	This is two questions
12	multipath extentions
13	the boat access for power boats is a joke. residence do not have a opportunity to use this facility due to over use of bass tournaments and out of state boaters.
14	Add a Kayak area access area at town the town beach
15	Expansion of the multiuse pathway to merge the existing with old Hill village
16	Expansion of the multiuse pathway to merge the existing with old Hill village
17	Senior Center
18	Park BENCHES/Shade tree at playground
19	pond view at the dams
20	area playgrounds..ex. Kelly Park.
21	higher user permit payment for beaches
22	Need a football field!!!!!!
23	Aadditonal parking for all
24	Especially a community recreation building to include seniors
25	new playground
26	Multi-Use Trail: link the current trail from the lake to the Heritage Trail that runs to Profile Falls
27	See #1, re multipurpose floating platform
28	At state park, Wellington, State takes care of NewFound Lake and gives access for power and non power and also visitng park people & swimming & boaters & launching of boats all at the park
29	No need to improve
30	More bike paths
31	State provides boat access for both power and non-power boats
32	TOWN BEACHES NEED RUBBISH BARRELS AND RAKING/CLEANING OF BEACHES
33	Music in town in the summer months, folk, popular, a variety for families
34	\$ to endow the library. Help TTComm ctr to expand. They do a terrific job

35	Tennis courts are know to be a drug area. Get rid of power boats pollute lake. Skateboard park NO NO NO - for the 10 kids in Town?
36	HANDICAPED(WHEEL CHAIR) FISHING SPOTS (ALL WEATHER)
37	State park has picnic areas, multi-use train, and boat access for power and non-power boats. Senior building. Beaches and Boat access should be supported w/the folks that use them
38	Town ctr desperatley neededsomething will not have a place to meet shortly
39	Need senior ctr
40	Lower taxes !!!!
41	There should be a senior citizens building provided by seniors. More area needed on behlaf of senior citizens

Q10. Would you favor encouraging more of the following businesses in Bristol? Other	
1	industry
2	Dentists/Doctors
3	bringing in business would bring in more tax revenue and perhaps the summer residents would not have to support the rest of the town such as they are doing now with the outrageous taxes on the lake properties.
4	flea markets
5	Corporate Park!
6	Hardware and or recreational equip.
7	Dont you dare use tax abatements Dont you dare. In no way shape or manner should the public subsidize private industry. A major travesty to the general public.
8	Shop & Save is a very tired building!
9	Let the market determine
10	Summer Theater
11	Internet cafes to encourage economic development. New businesses want high speed communications infrastructure.
12	Would love to see butcher/fish shop
13	Don't need any!
14	Retail shops
15	Sporting Goods
16	Bring more into downtown bristol, art, restaurants,shops
17	Anything that would employ local residents.
18	Controlled expansion of the industrial districts
19	Controlled expansion of the industrial districts
20	More varied restaurants
21	Small Movie Theatre, Bowling Alley
22	Keep Bristol unique we DO NOT NEED fast food restaurants in Bristol
23	Resort/European spa
24	Encourage small Buss.-not corporate chains
25	Industry/Manufacturing
26	Wendys
27	Pharmacy, please
28	Dentist
29	Internet Service Companies & SW
30	would like to keep people shopping local...
31	Provide wireless city center to attract technology buisness
32	Other unique businesses would be great - like health foods or a book store and coffee shop a hobby store, etc.
33	Portable tent bars
34	i understand the dilemma....change the shape of the town and what follows also changes.....but to expand and cater to such a diverse population would only assure that the BIG BOX would follow...even more closely than it has already.....are we looking at 3 Dunkin' Donuts in town????
35	Art galleries, museums especially for children
36	Promote antiquity os square (tourism), white picket fences in square - people will slow down

37	Anything that is clean, profitable, conforms to the character of Bristol as envisioned in The Master Plan
38	Fast food - do you mean fast food restaurnats? Not clear what you wanted to ask? Yes, if it means McDonalds Burger King or Wendys, I vote yes. Subsidize Snr taxi service (Plymouth does this) to shop , Drs. Appts and to go to Snr Center in Plymouth & hospital - plymouth
39	Farmers market - A MUST
40	DEFINTELY NO MORE ESTABLISHMENTS THAT DISPENSE ALCOHOL
41	Pet grooming
42	ARTS - Bristol needs Businesses that will bring economy and jobs! Professional servies: Scools, nursing homes, doctors, dentist, manufacturers, business, solar businesses
43	although a nice McDonalds or Wendy's wouldn't hurt
44	70 BED HOSPITAL W/ER
45	We already have most of tese
46	Cleaners/Valet
47	Family Dollar Store, Subway
48	Encourage new tax paying Businesses that do not give industrial polution
49	Places for attendance by the lower income people

Q11. Should new BUSINESS development occur: Other	
1	Business Development in Town Center should not detract from Historic Character of the Town Center
2	Revitalize downtown. Rescue downtown; solve parking problem - just lost another restaurant due to parking conflicts on Sat nite with auction traffice.
3	Everywhere business will locate. historically business have a hard time making it in bristol
4	Take it elsewhere please. I dont want NH3A to look like friggin Tilton. But you "Liberals" will most likely ruin the area by doing it anyway. Thanks for these wonderful ideas that will "ruin" this town.
5	New construction is required.
6	not new business but better cablevision, better broadband and cell tower service in those rural areas on 104 and 3A
7	From the dump to old Mill Stream area
8	Don't need any!
9	Rebilitate existing structures/reclaim brownfield areas
10	Anticipate growth at I-93 Exit 23-encourage commerical & recreational development along Rte 104 closest to Exit 23
11	3A n. to lake has buss. keep new stuff in same area, our 104 routes are pleasantly prestine! keep them that way!
12	do not allow more sprawl
13	traffic on 104 is already badly congested - new businesses here will exacerbate the problem
14	Plenty of empty buildings in town to be used...
15	Depends on the type and size of the business, and its fit with the surrounding land and buildings
16	Before expansion occurs away from the town center, the town should encourage use of the downtown
17	No manufacturing in downtown
18	Joint flea market (out of town)
19	Where there is space
20	Near town center if you wish the town centre to stay alive - otherwise reconfigure the business area on 3A or 104
21	Attractively as in Woodstock
22	Limit development near town center
23	Insingle access business centers by public service - RP Williams (nodes)
24	Keep away from Lake
25	Anywhere it wants
26	ZONE IN CORNER STORES IN NEW VILLAGES IN RADIUS OF TWONS N.HAMPTON, BRIDEWATER, HEBRON, ALEXANDRIA
27	Town center developement - parking would be needed. Well planned building in size and effective space to include plenty of parking space.

Q12. Should new MUNICIPAL FACILITY development occur: Other	
1	Use downtown buildings that keep being vacated; must find a use for them to encourage other business to locate here.
2	near the transfer station or shop & save
3	municipal facilities are adiquit
4	Less prominent area for trash/recycling
5	Again NO NEW MUNICIPAL DEVELOPMENT IS NEEDED . YOU SELECTMEN ARE PLANNING TO RUIN THE TOWN . NO ADDITIONAL DEVELOPMENT IS NEEDED. POLICE BLG IS ADEQUATE FOR AREA, FIRE IS ADEQUATE FOR AREA. WHAT MORE DO YOU NEED. WHAT IS THE THINKING GOIN ON DOWN ON LAKE STREET. MY GOODNESS SOMEONE WANTS TO BUILD AN EMPIRE. HEY WANT A BUILDING NAMED AFTER YOU...FINE JUST PUT A PLAQUE ON A ROCK OK.....NO MORE BUILDINGS NO MORE TAXES NO MORE LIABILITIES. I MOVED HERE FROM CT BECAUSE OF THE SAME IDENTICAL GARBAGE THAT I AM READING IN THIS SURVEY. WELL JUST GOES TO SHOW YOU HOW A NICE PLACE CAN TURN INTO A RAT HOLE QUICKLY. THANKS FOR NOTHING
6	First, Bristol needs a master plan.
7	Use existing non-occupied or sustainable buildings for town services if you expand them; that addresses the inconsistent occupancy of those with businesses that don't make it
8	don't need them
9	we have enough municipal facilities. we want less government, not more
10	Don't need one!
11	Nearest to largest year-round population base
12	I like where things are
13	A location that is accessible for all
14	dont need more
15	small town make due
16	current facilities are satisfactory
17	new police station
18	Police Station should be near town center
19	River Road Area
20	I think near to town is key
21	Revitalize old mill building in downtown
22	what does this mean?????
23	none needed
24	Ot's OK where it is!
25	Same answer as 11
26	No new police station here. We do not need a new municipal facility we need talented police +administrations
27	Same as above
28	Fix downtown area
29	Use downtown area where businesses don't survive
30	IN CONJUNCTION WITH ALL 5 TOWNS AT ONE LOCATION (COMMON DUMP)
31	We have it pretty central now!
32	Don't Need Municipal facility
33	Development should staisfy the needs required

Q13. Should Bristol encourage development of: Other

1	Offer incentives to landlords to bring in professions like accounting, lawyers, dentists, doctors .
2	bring in more revenue to help lower taxes
3	needed growth
4	NO NO NO.....THE ONLY TOOL YOU FOLKS HAVE ARE TAX ABATEMENTS, WHICH INEVITABLY WILL DRIVE THE NEED FOR ADDITIONAL MUNICIPAL SERVICES, WHICH DRIVE THE NEED FOR ADDITIONAL TAXES. YOU ARE KILLING US ALREADY.... NO NO NO
5	First, a master plan!
6	Hi tech R&D, green
7	higher education and/or high tech training for a high tech workforce
8	Leave the town alone!
9	Light or small manufacturing business
10	Medical/Dental/Pediatric
11	Industrial & manufacturing encouragement should be studied as to worker availability in Bristol and surrounding areas-good access to I-93 at Exit 23
12	of what size, new construction or conversion?
13	Businesses helps boost tax revenue which would aid in funding new town projects
14	downtown parking facilities, traffic
15	Keep Bristol unique we DO NOT Need strip malls or shopping centers!!!!!!
16	Light industry/manufacturing
17	hiking/biking recreational trails
18	Industrial and manufacturing only with being mindful of quality of life and environmental impacts
19	reuse of existing downtown buildings
20	Repurpose buildings in the downtown -- a professional "office park" could easily fit into one of the old structures on the town square or where the Mica Building is at present.
21	Tourism
22	A movie theatre, Summer "Stock" theatre, summer weekly plays, musicals, concerts for the young and young at heart
23	Business/Commercial property
24	individual small business or services
25	Shopping centers/malls should be limited to nodes as described in #11 above
26	What kind of industrial complexes and manufacturing businesses? Industry is good but we should think out of the box
27	CENTRALIZE, PROFESSIONALIZE, AND SUBSIDIZE DEVELOPMENT
28	Industrial complexes and manufacturing businesses - non-polluting
29	More business expansions

Q17. Which of the following would you be willing to contribute to bring about the changes you have indicated you support? Other

1	my interest in what is happening in Bristol.
2	labor
3	none; I pay town employess to do this
4	stop complaining
5	nothing i give you 5000 dollars a year, you dont plow the road,i cant use the schools,and i have never had to avail myself of any other services, so i receive absolutely nothing from the town for my 5,000
6	NONE
7	None at this time, too busy. Maybe later in life.
8	Professional background
9	I filled out this survey
10	do not live in Bristol
11	We are currently being taxed at full or more than full evaluation this is a hardship for us and should be more than enough of a contribution for all of the above. If this is not sufficient something is wrong somewhere.
12	Undecided - depends on initiatives.
13	support fundraising
14	Knowledge, Ideas
15	depends on the project and my time availability.
16	Lakes Region Planning Commission can provide studies for growth and economical development
17	Depends on a meeting
18	i pat taxes...enough !!!
19	just used my time, and i pay taxes
20	serving would depend on knowledge of said committee
21	none no time, sorry
22	My current over priced tax dollars
23	land donation for the right project
24	none of the above.
25	altho we are in bristol each month, we are NOT full-time residents; our interest and committment would be at prescribed times
26	None of the above
27	Senior building
28	Support youth and srs
29	Nil - I live in a nursing home
30	none
31	Muscle
32	Clean public areas and streets -volunteer clean up 2x a year - fine for littering - nice flowers plants landscaping
33	Appraisal work for conservation commision as before for land donations
34	Disabled
35	WANT TO BE LEFT ALONE
36	Apr-Oct
37	opinions
38	Advice/volunteerism

39	I am planning on moving to Bristol permanently in 2009
40	NONE
41	Already contribut too many tax \$
42	limitd support in some producing activity

Q18. Following up on Question No. 17, please add your name and phone number here:	
1	Krystal Alpers-744-2488
2	Already volunteering for Town
3	Steve Favorite-744-9321 Jodie Favorite-744-9433
4	Not needed
5	MICHAEL BANNAN 744-8795
6	Michael Capsalis-603-744-5959 702-882-1118
7	James T. Burt 603-744-9129
8	John Bianchi
9	Rita Perloff rewhen@tias.com
10	If any of my concerns come to fruition, I would volunteer my services as best I can and will contact the appropriate office.
11	Bruce Wheeler 744-5994
12	I'm not considered a resident for voting purposes, so I doubt that I could serve.
13	brian bartlett
14	Ron Giles 744-8245-726-0288
15	I struggle to feed my family and provide them a way of life that I desire. The questions in this survey are very disturbing as I can see the town selectmen are planning to expand the town. You want a Meredith, you want a Wolfeboro.....please move there.Leave Bristol alone. You're going to make a mess. Drive through those towns I mentioned, take a look.....wonderful isn't it...I look at them and say what a mess. Keep Bristol small, keep Bristol affordable for normal working people. "Goal-Plate" the town and you will force many working folks out. Thanks but no thanks.
16	Robert LaBarge 888-5366
17	Jim Salvucci 617-472-5380 evenings 603-744-2480 all summer
18	Already serving/involved
19	Seasonal residents have no voting power but pay high property taxes to support Bristol fir services we don't use.
20	Peter & Ellen Rawlings 5 Burnham Rd No Billerica Ma 978-667-8132
21	James Kirk Red Fox Village Unit 20
22	Gerald Wright 603-744-6021
23	Thomas Ryan 631-821-1962
24	Mr and Mrs Kevin Guidi 350 Oak Street Franklin, MA 02038
25	No. But in regards to #14 above. Why do wishful thinking when we can't even enforce what's on the books now? Why can't we hire a satisfactory enforcement officer who does the job for more than a few weeks at most? We don't need more rules. We need to enforce what is already in place. And please ask Ms. Corrow to stop putting her cronies in places like bicycles breezin thru Bristol. Why are taxpayers having these paid positions shoved down our throats? They are not even Bristol people. There's no credibility. Just a "you scratch my back I'll scratch yours" between, Ms. Corrow, the select five, and now, the politically appointed, Chief of Police.
26	David Bailey Powden 744-8238
27	Richard Light 744-8562
28	david nickerson 744-5664

41	Christopher Marshall 508-883-1060
42	I am a Friend of the Library and that is my contribution. Ginne Saulnier
43	Bob Jeffreys 860-599-8841
44	Christine Graves 110 Bear Mountain Road Bristol, NH 03222
45	n/a
46	Robert P. Wilson III 603-744-5612
47	Already serving
48	I have been a summer resident on Newfound Lake my entire life. My folks have a house on the lake on Wulamet Road, I also have one. I would encourage making downtown Bristol a better place, with more shops restaurants, small businesses. The planning board should do themselves a favor, take a ride over to Merideth on a Saturday afternoon, do you want traffic like that in Bristol? Go over to North Conway do you want traffic like that anytime of day or year? Strip malls along 3a or 104 will create that. Does Bristol really need a fast food restaurant? Preserve what makes Bristol special, real NH people, a nice quiet lake to relax. A different place. We have avoided development so far, my fear is that it will start to come down 104 and then Bristol will lose what made it special. Feel free to contact me. Rich Hart 978=682-0548

Q19. What is the best thing about living and/or owning property in Bristol?	
1	The Lake and the seasons
2	a decent community, location
3	Newfound Lake
4	No one particular thing comes to mind rather it is so many things, beginning with the people, the mountains, the lake, the calming attitude, to mention a few
5	The people and the beautiful scenery
6	The everchanging beauty of the lake & mountains & the small town atmosphere.
7	Newfound Lake
8	You get the best of everything small town feel, big city services at a more than resonable tax rate.
9	small town life
10	Being part of a small, beautiful and historically interesting community that provides activities for its children and preserves lake access for the benefit of all of its residents.
11	Easy access to 4 ski areas and great water sports
12	Close to lake. The Mica Building; now isn't that just SPEC-CIAL?? Best case for eminent domain I've ever seen.
13	Small town atmosphere.
14	small Community.....
15	NEWFOUNDM LAKE
16	The beauty of the area.
17	It's a beautiful location with many opportunities for outdoor recreation.
18	Quality of life. Rural charector of the town.
19	I am here because of the lake and Mountains. Also the peace and Quite and lack of traffic.
20	the use of the lake during the week
21	The natural beauty of the area
22	Quaint country town reasonable taxes on property
23	Quiet, not overly populated, clean
24	I like the small town feel and the town is not overpopulated. Traffice has significantly increased during the weekends and that is a drawback.
25	Beauty and quaintness of community.
26	Excellent highway maintainence and municipal water supply
27	THE LAKE IT BRINGS PEASE TO A LONG STRESSFULL DAY.
28	low tax
29	It is close to outdoor activities year round
30	The lake and the surrounding community
31	Its history and the lake, as well as the lack of traffic and visual (signs, etc.) congestion.
32	The peacefullness and security of a small town.
33	We enjoy the lake for a few weekends and one or two weeks each summer but do not have the time/money to become involved in community affairs or participate in community forums
34	Small town environment in a beautiful area.
35	Location balanced with rural living
36	solitude
37	Newfound Lake!
38	I believe Bristol is one of the more beautiful towns in NH. We have an excellent town manager.

39	Great recreational oportunities with easy access to 93 for commuting. The town beach is an awesome resource even if the boat moorings really spoil the view. Keep enforcing the parking permits at the beaches. The TTCC is great for recreation as far as it goes, but more facilities would be nice.
40	It is a quiet, friendly place in a beautiful setting.
41	The beauty, safety and wonderful town people.
42	its close to home
43	The people, and the surroundings
44	people are friendly and easy going
45	Newfound Lake
46	Small town fee, yet just enough services.
47	The peace & quiet,the old fashioned atmosphere Do NOT want it to become like Lake Winnepesaukee areas!
48	Great retirement community
49	Small town atmosphere on a beautiful lake
50	Lake. Keeping lake district free of additional business
51	i love the natural beauty of the area & the small town feel
52	The Quaint country Town best described in the off season
53	Bristol has excellent access to all season outdoor recreation opportunities
54	The lake and the ambiance of a small town and would like to keep it that way. Too many condos, resgtrictions on new construction
55	There is no best thing about owning property in Bristol, if yoy do not use a rest the property. I haven't been back in over 4 years, but I've noticed my tax jump 400% in those 4 years. I've been trying to sell without any interest.
56	The peace and quiet The small town atmosphere.People vacation here because why....them come from the toilets of Boston metro area and NY Metro area. Dont ruin it by developing Bristol into something that people cannot cherish.
57	Newfound Lake and the small town atmosphere
58	The natural beauty of Newfound. Quite, peaceful, stars at night - NOT like Winnie ;-)
59	The quiet laid back atmosphere
60	It is a nice small town where I can relax and escape the city
61	Small town, friendly, good neighbors
62	Getting away from Boston to a quiet friendly village with all the necessities and open spaces
63	newfound lake. the people of bristol
64	Newfound Lake
65	Being near the lake and mountain views, plenty to do outdoors.
66	Status quo, but utilize existing facilities by town since businesses cannot get started or succeed with the local regulations you immpose on them
67	My neighbors
68	The special natural enviornment and the people
69	beautiful area....less traffic
70	Rural, picturesque, many outdoor activities to enjoy with your family, quiet, little or no traffic concerns.
71	Peace and scenery.
72	The pace and style of life in living in the lakes region.

73	We like the local development of the town. It's not overdeveloped with a lot of tourist junk like Meredith. As much as we like to visit Meredith once in a while, the local friendly community feel of Bristol is a big plus for us.
74	Newfound Lake Region Great small town All the necessary services
75	The lake and mountains
76	The natural beauty is the best thing.
77	Newfound lake and the community
78	The Lake
79	Love living on the lake, feel fortunate, but the taxes are hurting
80	Country living yet close access to 93, schools and work.
81	The Lake, the quiet, the wonderful people.
82	Living in a town that has the potential to be a leader in town planning, economic development and historic preservation.
83	Quiet, relaxing, old time feeling
84	The Newfound Area School District.
85	We are here full time in the summer and just about every weekend and plan to make it permanent in a few years when we semi-retire. The lake and the mountains are such a BEAUTIFUL resource for everyone. Using that to draw people to visit and spend money is important -- that's why I'd like to see more bed & breakfast type of places. Keeping the old New England feel and historic feel are important. Wouldn't want it to get "too built up" and more homes/people are such a strain on the infrastructure.
86	The tax rate is good. It has one of the best lakes in NH. The countryside is beautiful. Over all it is peaceful and quiet. Not a lot of crime. There are some very nice people living here.
87	the lake its your best resource make the best of it!!!
88	The lakes, the views,the quiet, spaciousness
89	the people are friendly,nice small town
90	New Found Lake is an asset that needs to be cared for
91	Quiet, country living with a beautiful lake to provide activities for the entire family.
92	Newfound Lake
93	I moved back to Bristol around 1968. Having been born in Bristol I wanted my children to experience the same type of life I had while growing up. But everying thing has changed and people do not seem to care enough about Bristol to do anything about it.
94	Newfound Lake and small town atmosphere.
95	Bristol is just a pleasant place to live. Reasonable services both public and private. Decent recreation of most types here or nearby. Reasonable access to the urban areas south of us when needed.
96	Being directly on the lake shore
97	Bristol use to be a beautiful town,and one of the nicest towns around, but over the past few years it as become an "arm-pit"; we need to make Bristol a nice place to visit and live in again, hopefully with the new chief in pd we can do that
98	It is not commercialized. A true NH town.
99	quiet small town
100	as I am only a summer resident the lake is the reason my family for forty years have enjoyed going to Bristol..unfortunately with the high taxes we might not be able to afford the cottage much longer.
101	Newfound Lake

102	openness
103	Natural beauty, especially the lake.
104	peace and serenity after labor day..until school gets out..lol
105	The Lake
106	Lake is beautiful&clean.
107	Stong sense of community.
108	Newfound Lake
109	The Lake
110	Newfound Lake Wonderful recreational activities
111	It is a quiet and peaceful Town and surrounding area.
112	being near the Lake with town beach
113	quiet town near the lake
114	Newfound Lake
115	The residents, Library, Newfound Lake and the fact that Bristol is in the stae of NH - a great state.
116	Newfound Lake
117	The beautiful crystal clear lake as well as the small town atmosphere. The wonderful trails and wildlife all around us.
118	Bristol NH is a very nice town, it is quite and peaceful. Here people can enjoy hiking, boating, recreational activities.
119	The lake.
120	The beautiful, unspoiled landscape surrounding us day to day.
121	We live in a town that has everything we need, yet we are close enough to larger cities. It is a relatively peaceful, quiet area to live in.
122	Small town, you know or get to know everyone
123	The views at Newfound Lake.
124	the quiet calm and small town atmospher, the clean clear lake
125	Newfound Lake. It is what has kept me and my family returning her for over 50 years.
126	We have a small mobile home that we come to on the weekends. Our goal is to settle here when we can retire/semi retire in a few years. We love the peacefulness and quiet and the people that we have met so far have been very friendly and helpful. In our dealings with the town hall, etc. have always been helpful and professional.
127	We enjoy our country life and Newfound Lake
128	It is a small town where crime is low. This part of town is quiet, relatively near the lake, neighbors care for their property. Traffic isn't too bad most of the year (except summer).
129	The rural and community character of the place.
130	The surrounding natural resources, i.e, the lake, walking trails and the feel of a small close knit community.
131	wildlife, country setting, having my children grow up every summer in the place where I did. Enjoying a beautiful place
132	The natural beauty of the area-the pace of the community-the escapism. But we pay for this with high taxes.
133	-when the summer people go home!
134	Natural resources
135	quiet, peaceful, access to town beach, convenient access to necessities,

136	We moved here 30 years ago. We raised our son in a semi-safe invironment. Education was sufficient for our child to go onto college. Except for the solitude and quick access to 93, I really cannot think of one thing. This town is fast becomming a dead community. Unless your family owns a thriving business, (and I've not seen any), there is no reason for our young folks to stay in this town.
137	We live in such a beautiful area, it is a community that has begun to plan for its future. This survey is a one example of good planning.
138	pemigewasset river newfound lake antique shops small businesses NO shopping malls
139	The Lake; quiet, relaxing, affordable
140	Access to the lake, mountains and surrounding areas
141	Bristol and Newfound Lake is very beautiful, serene and clean. We need to maintain this state and not let it become as commericalized or congested as Winnipесаaukee has.
142	newfound lake
143	Near lake.
144	The proximity to New Found Lake and enjoying the area activities that come with each new season.
145	I work here. The Town supports the efforts of industry very well.
146	People & location in the state
147	Small stable community
148	Newfound Lake
149	country atmosphere
150	enjoying the summers and the lake in nh. we are up there for seven months part time during the year.
151	The rural small town atmosphere,the historic square, the friendliness, the availability of healthcare, the quality of the police and fire service including the quality of the medical response team.
152	quiet and far from big city!!
153	1. small friendly town which welcomes summer residents 2. the lake 3. the new bike/hike trail
154	Newfound Lake
155	I just love the whole landscape of the community -- mountains, beautiful lake, friendliness, not overdeveloped, and the quitness of the area.
156	not much...my home
157	it was quite at one time but not any more
158	its my home and has been for some time, and i am very much in love with the area.
159	Access to great recreation
160	The beautiful clean lake and the historic downtown
161	Quality of life
162	The lake is so beautiful and pristine and not overly populated along its coast line
163	Independence
164	I have pondered this question for three days and quite frankly, I can not think of a thing!
165	It is small and charming
166	Reasonable taxes and cost of living
167	Reasonable taxes and cost of living
168	The Lake
169	The Lake

170	Bristol is still one of the best kept secrets in New Hampshire. The beauty, friendly people, rural, quiet living.
171	1) A CLEAN Newfound Lake 2) Small town - let's keep it that way 3) Lack of Big Box Retail and Chain Businesses 4) The people
172	I enjoy the peace and quiet life.
173	Newfound Lake
174	The Lake
175	Newfound Lake
176	beautiful unspoiled area that i've been coming to for 52 years.
177	Serene location near awesome Newfound Lake
178	The area is beautiful and has everything you need to live comfortably, close by, without destroying the natural beauty of the area and without turning the shores of Newfound lake into a cluster.
179	Newfound Lake and recreational opportunities
180	Newfound Lake and seasonal recreation
181	It is a beautiful area and I can wait to make it my permanent home.
182	I love living in the town I grew up in. I would like to see new businesses move into the area and less pizza places and less antique stores.
183	Newfound Lakd
184	small town attitude
185	Bristol is a beautiful community. It is so peaceful and clean. I hope we can keep it that way.
186	pleasant environment nice people
187	great little ubknown town and a great lake
188	Not over-developed.
189	the people. the small town feel.
190	Pleasant people and scenery in the community
191	Quiet town and still has a warm rural feel to it
192	quiet
193	It's small town/rural atmosphere and the lake
194	It is a quaint village and has Newfound Lake....
195	It's peaceful beauty.
196	Less populated than other areas
197	The beauty of the landscape and the people that live here.
198	A small town and scenic beauty. Been in Bristol for over 30 years. Police department has been a problem over the last several year. Many locals have a negative attitude toward tourist.
199	The small town, closeness of the community.
200	Small town atmosphere.
201	No Question! The beauty and quiet of the lake and the mountains.
202	Narural beauty and the people
203	It's still a relatively small quiet town. Not over developed or business zoned out toward lake. Natural/ old feel to the down town, should be preserved.
204	NATURAL BEAUTY
205	QUALITY OF LIFE - A PLACE TO GET AWAY.(WEEKENDERS)

206	our community-meaning the people :)and yes the lake, mountains, trails, location(remote but accessible), ragged mnt, the potential for a thriving downtown for small, locally owned bussiness
207	The small town atmosphere and the lake.
208	Small Town feeling and proximity to the 93 corridor
209	Feel of a small town, and Newfound Lake.
210	Small community, good relationships, little violence or vandalism, sense of history, natural beauty.
211	The small town atmosphere and no fast food chains in the downtown area - very quaint.
212	Having modern conveniences and resources such as bank, supermarket, gas stations, etc., plus being only 6 miles from the 93, and also having such easy access to so many wilderness & natural areas (such as Coolidge Woods Road area on the Pemi, Profile Falls, Wellington State Park, etc.)
213	small town living
214	NEWFOUND LAKE
215	...the lake and open areas for hunting, fishing and camping. I like the outdoors.
216	Old New England town atmosphere amid scenic beauty and country character - open spaces for recreation - with a dependable infrastructure of community services (police, fire, highway departments, etc.)
217	The best thing about living in this area is living in a small town but yet being close to larger towns and cities. Being so close to a lake and skiing facilities is great!
218	beauty of the lakes, river, mountains, affordability, rural style living
219	Newfound Lake
220	Bristol is a small town community that is close to the lake and highway.
221	Lake
222	The beauty of the area. The fact that it does not look like all the areas south of us. I believe if you brought in more "Big Box" facilities there would be no reason for tourist to visit us, because we would look just like the homes they left. Let's keep Bristol different. That is where our economy comes from.
223	The beauty of the area. The fact that it does not look like all the areas south of us. I believe if you brought in more "Big Box" facilities there would be no reason for tourist to visit us, because we would look just like the homes they left. Let's keep Bristol different. That is where our economy comes from.
224	I have a long family history here and it is a beautiful area and community that I hope will endure with all the growth.
225	the friendly small-town atmosphere
226	Enjoying the beauty of the area as well as great access to the beach and great area restaurants.
227	It is a very quiet town with beautiful views and of course the lake.
228	small intimate new england town atmosphere
229	Newfound Lake
230	Newfound Lake
231	It is a beautiful area and community with very friendly people.
232	Bristol has a small town feel. The Lakes Region is a beautiful area. The ATM's are in English on ly.

233	The continued rural nature of outlying areas, although these are being threatened by increasing building pressure. Newfound Lake is a treasure and downtown is a fairly vibrant business area that should be expanded.
234	Access to the lake. This is not our primary residence. We are primarily "weekend residents";
235	The real sense of community among neighbors.
236	The lake and its unspoiled beauty.
237	Lake access, quiet community,
238	Access to Newfound Lake.
239	The rural areas and the slow paced living.
240	Its central location.
241	The lake Traffic not too bad, although getting worse
242	The lake Traffic not too bad, although getting worse
243	Small town, lack of congestion, family-oriented recreational area, lack of honky-tonk development ala Weirs Beach, Lake Winnepesaukee
244	Bristol is a very beautiful area and a great place to raise a family.
245	The people, and the community in general.
246	SCENIC AREA NEWFOUND LAKE
247	NA
248	low population
249	I have been coming to Bristol for over 40 years and I love the area and all the recreational programs that are offered. I however do believe we need a home stadium for the football team. Not only am I a tax payer but my father is a tax payer also and I have nephews that live in the area and I wish they could take advantage of a real home field. Bristol taxes have become outrageous for summer residents so the least I could get is a field for my nephews to play in.
250	The location of the town and of course the pristine lake. The fact that the lake area is a family lake and largely undeveloped and should stay that way.
251	For the most part it is quiet and the lake is beautiful. And easy access to everything.
252	Newfound Lake and small town atmosphere.
253	It is in a beautiful area!
254	Newfound Lake
255	old NH charm
256	small town, open space
257	Enjoying the beauty and peace of the area, as well as engaging the population with various activities.
258	Having access to Newfound Lake
259	the people, the beauty
260	Nature
261	newfound lake
262	relaxing, small town country atmosphere
263	Small town atmosphere
264	Small town atmosphere
265	Enjoying the beautiful lake and relaxing with friends away from the stress of work. Watching grandchildren grow and enjoy the lake.
266	Rural lifestyle, small town atmosphere, outdoor recreation, pristine lake, low population density

267	The beauty of the area and the open space.
268	The peace and serenity the lake has to offer. Please don't let tacky tents and portable bars start to multiply and ruin the beauty of our area. Keep the area family oriented and not encourage drinking and loud music at our quiet lake. Keep the atmosphere as it has been and encourage people to come for its boating and swimming activities not our drinking establishments!!!!!!!!!!!!!!!!!!!!!!
269	Quiet way of life, with an open, friendly feeling. Lovely natural setting and good recreational opportunities.
270	To keep everybody else out
271	The small town atmosphere with the most beautiful lake in NH
272	lake access
273	Still a small town with caring people and a good place to raise children.
274	It is a family property and important in too many ways to describe.. It always feels like coming 'home'.
275	The lake is so clean and the view is wonderful.
276	The area is a great place to raise a family with the beautiful lake in town and central location in the lakes region.
277	Small town, slow pace.
278	Newfound Lake and Bristol has managed to avoid being invaded by national chain stores and franchises.
279	the lake.....
280	The lake is a gem and the Town is quaint and quiet
281	country quiet
282	lake
283	The conservative nature of the residents.
284	It's a nice rural community not over-populated or over-commercialized with beautiful natural areas.
285	A small town with everything you need to run your household and small business. No real need to run all over the Lakes Region. Downtown Bristol is prime real estate for cluster condos especially with the river frontage and new business incubator space. Internet businesses and professional services should be a focus market. Proximity to I-93 is a wonderful advantage. Tilton, Concord, and Manchester all within 1 hour.
286	It is a pleasant town setting in a lovely rural area with access to many services and activities (medical, educational, recreational, scenic, etc.)
287	The Lake is beautiful and so clean. PLEASE GET SEWAGE UP TO THE LAKE TO AVOID CONTAMINATION!
288	The small scale of the town is an advantage, as well as its historic roots in the downtown area.
289	Reasonable sized town
290	Ezay acc, quiet nice people
291	It's not over developed
292	All that is included in the Master Plan that describes our lovely lakeside community
293	Freedom - fresh air
294	Small town atmosphere, proximity to skiing and the mts, Newfound Lake and The "Pemi" River
295	The area is beautiful - Not much going on -

296	This area has as much natural beauty as could be found anywhere. Pleasant , comparatively quiet, tranquil living area.
297	Peace & beauty pf the area. Not over built like lake Winni
298	The lake
299	Nice lake - Small Rural Town
300	QUIET
301	Small town atmosphere, open friendly community. Accessability to cleanest lake in state and surrounding mountains.
302	Lake, Nature, Peaceful
303	My Husband (deceased) Wayne Hadley and his family were "born and bred" in Bristol - all the way back to the Indian Grammy up until the last years of his life - did not want to admit her Indian blood, but, she grew proud of her past in her last years, to me and my husband this area is one of the most beautiful places on earth. The Newfound area and lake, our beautiful valley, our animals, trees and deep forests, our lovely singing song birds and above all, our neighbors and friends who occupy this sacred spot, I am sure make up the blessing of this area. I feel blessed to be here! But, nothing can remain the same - over time. But, we can Help Preserve The Best.
304	Living on N.H. best kept secret
305	Location to area amenities
306	Taxes are OK
307	Great potential to develop its downtown. Need to get new blood in charge to do so. Always many reasons not to do something because old farts run the twon
308	Love the simpleness - kind of old fashioned feel. I don't like to see it getting too built up along the lake - the quiet and untouched feeling will eventually dissapear if too much building
309	Attractive and quaint village
310	Near ski areas Public beaches Hiking trains
311	Quality of life
312	Small quiet town
313	having services close by and accessable
314	Small town, we've been coming here for 55 years we like it the way it is
315	The lake, The Life Style in Small Town Setting
316	Still has small town feel. Relatively crime free and safe
317	The sense of community
318	Not attractive to outsiders
319	Lake, people, low traffic. low noise
320	Limited/no growth - keep in pristine scenic beauty quaint historic buildings The Lake and quiet surroundings
321	Access to unspoiled outdoor spaces/recreation & scenery including the lake, streams, woodlands and mountains
322	QUIET COUNTRY ATMOSPHERE
323	SMALL TOWN LIVING - GOOD NEIGHBORS - LAKE ACCESS
324	Friendly people
325	Less housing more business
326	Not as yet over crowded
327	Rural atmosphere

328	Of course paying taxes! Ready availability of fast food (pizza) and prescription drugs. We need to clean up our schools
329	The quality of life
330	Less taxes are good
331	no changes - ever
332	Newfound Lake
333	The family tradition of occupying the cottage our parents built with their hands back in 1960. In addition, my father-in-law almost single-handedly restored and maintained the abutting Sleeper Cemetery for many years at his own expense. We're proud of that, too.
334	The Lake
335	GROWTH THOUGH SLOW SEEMS WELL THOUGHT OUT. ATTRACTIVE ENVIRONMENT AND BUSINESS FRIENDLY ATMOSPHERE. NEW BUSINESS AND EMPLOYMENT OF YEAR ROUND VARIETY NEEDED. # 8 OTHER STRAIGHTEN RAODS OVER 10 YEARS # 14 ZONE FOR MULTIPLE USES
336	Near Newfound Lake
337	The Lake
338	I think everyone is very friendly, compassionate, generous
339	Beauty & Recreation Newfound Lake and surrounding moutinas
340	Relaxing
341	GENERAL BEAUTY AND CONVENIENCE OF THE AREA & RECREATION
342	"THAT PEACEFUL EASY FEELING"
343	a pretty town
344	Convenient mtg place for Pasquaney snowshoe club. Rite Aid and Dunkin Donuts are an asset to Bristol. There are no other benefits from owning property in Bristol over any other town
345	NOTHING
346	Newfound Lake
347	nice community
348	(She)Hometown - she was born and brought up here. (He)Family moved here during WWII. He got married 2/21/45, and after WWII we returned to live in Bristol
349	SMALL TOWN ATMOSPHERE

Q20. What do you think is the one most important change that needs to happen to improve	
1	Beaches, Downtown and Police Department
2	get rid of the old mica building an eyesore for the central square and community
3	Encourage year round use of properties as to support local businesses.we need more yearround activities to attract people.
4	?
5	We need more jobs
6	More equitable taxes & and use of tax funds
7	Building codes
8	The town square needs to be reconfigured to improve traffic flow as well as promote community use of the square and business and consumer interest in the square. Along with this there needs to be a large push on Commercial and industrial(small and large) business in Bristol. This will increase total taxes, with minimal impact on the school system as well as job creation.
9	preserve the lake and STOP the McMansions!!!! stop the over-development, stop clearing the land.
10	Infrastructure improvement of the Downtown
11	Renovations of the downtown square which is the heart of Bristol with new sidewalks, street lights and traffic control improvements.
12	Get rid of the current Planning Board that has stifled development in this town. It's too hard to get anything creative through them.
13	Must bring new technologies into town to encourage people to come here; for example, wireless internet access for free would be a nice benefit at various places.
14	Lower property taxes.....
15	I think the sidewalks on 104 (Summer Street)going downtown aren't safe especially for handicapped people with walkers or wheelchairs, especially by the bank at the foot of the hill. I'd like my driveways and sidewalk in front of my house fixed so it's safe for my family to access. And I don't think I should necessarily have to sell my land to the town to get that done....
16	IMPROVE CENTRAL SQ.
17	Bristol needs to entice growth of economy in order for stability of taxes and carefully planned zoning.
18	Make downtown improvements (sidewalks, lights, trees etc.)
19	Sewer to the Lake!!!!
20	One thing that I am conserned about being on a fixed income is being pushed out by increasing taxes. Stop increasing everyones taxes Just because others come up and pay more and spend more on housing to build tax them more not the rest of us.
21	sewerage
22	Improve the Hazardous and dangerous traffic situation at westshore road bridge area (westshore rd and shore drive) speeding while chilren cross the street,bike path crossing etc.
23	abolish the Budget Committee in its entirety
24	Lower the property taxes
25	Protection that this small town says small and quiet.

26	Purchase land abutting MillStream area and develop into a conservation area park for all to visit and enjoy. Also, improve facade of buildings in historic downtown area to encourage uniformity. Perhaps join the Main Street USA which Plymouth did and their downtown area is showing great improvement.
27	SEWER to the lake!
28	HISTORICAL VALUE
29	more fast food and supermarkets
30	Encouraging people to visit Bristol year round and not just the summer
31	address the need to reduce littering along our sidewalks/streets
32	Preservation
33	Improve the downtown area: Get cellphone service there. Fix the confusing and dangerous traffic patterns there. Do something to improve or demolish the former mica factory, which is an unacceptable eyesore. The downtown area needs to be regionally known for something (antiques or whatever) that will draw people there. These things have been talked about for far too long; time to DO SOMETHING about them! Some of these things shouldn't cost money - e.g., using the persuasive powers of the town to get cellphone service downtown, insist that something be done about the appearance of the old mica factory.
34	To keep it a small town with no more big business.
35	Those of us who cannot access our property year round should be provided with a tax break. We currently pay the same taxes and additional fees for NOT using our property (water shut off costs, etc but do not use the services year round. Nor are we able to vote or participate in the democratic process (this survey is a welcome change to that policy).
36	Make the downtown more attractive to both tourists and year-round residents. Encourage businesses such as antiques, crafts, local products to make downtown a place to spend some time. Better parking needed as well. Encourage property owners to participate in working toward these changes and discourage, for example, TWO pizza places in the downtown area. Sidewalks leading west on 104 from the downtown area.
37	Less multi-family and low income housing!!
38	summer traffic
39	Lower Taxes
40	Need to plan for the future. The town is outgrowing some of its facilities as the town grows, it needs a plan to update those facilities yet in a way that the tax rate does not keep going up like it has.
41	Get rid of the old way of thinking in the budget committees. Keeping local taxes low has little bottom line impact, and the lack of services is especially felt at the local level. The schools are being unfairly attacked regarding use of money by a few misinformed and backward people and they have gone downhill which will not bode well for town development.
42	A sewer system should be installed along the lakefront.
43	Bring in jobs, whether industrial/manufacturing or professional/professional services.
44	More funding for our elderly regarding health care, prescriptions, housing and senior citizen programs, including social activities.
45	curb newfound school district spending
46	Build support for public processes and improvements by opening up access to information - for instances, encourage all meetings to be reported in the local newspapers through the release of minutes, and using town officials to inform news reporters

47	zoning and other boards need to more strict with everyone!
48	Revitalize downtown.
49	Dump the sewer to the lake project. It is the worst thing that could be done to the lake. With the sewer, there will be no setback requirements from septic systems which will result in much larger houses, smaller lots, more building, degradation of the lake from run-off. Plus it is a tremendous waste of resources.
50	Sewerage, as opposed to septic, on the lake
51	Sidewalks and curbing from downtown to Dunkin Donuts, Rite-aid, and RPWilliams Lun=ember
52	Monitor spending and growth more efficiently especially in the school system
53	Improve business oportunities downtown
54	longer hours at the trash/recycling center for working people. if we can't make it there on Saturday, we have to wait for the following week, since we, like most people, work between the hours of 8 and 4.
55	More good jobs.
56	better leadership and communication with vision and less personal agenda
57	Lower tax rate. Improved public use facilites perhaps with fee for use
58	Sewerage for the church foot of the lake area and lake area instead of downtown.
59	The big city mentality of development in city hall.☐ Stop it. Dont need affordable housing, dont need skateboard parks, or tennis courts, do not believe in the public funding private enterprise through tax abatements. NO NO NO☐ DO NOT TURN BRISTOL NH into a METRO AREA.☐ You're going to ruin it.
60	Need to generate new tax income to sustain the Town. The key is to encourage "clean" trade - professionals - but first the center of town needs to be cleaned up and beautified! And we need a master plan!
61	Encourage activities that would support a year round economy.
62	Less building on the lake
63	Town sewerage must be extended to the lake. The water quality of the town's important asset has to be protected.
64	Town gov't should be kept small, provide services and let free enterprise work
65	Improve the town's appearance
66	Improvements to downtown area: trees, community access to river
67	Stop overdevelopment
68	Lower the property taxes
69	Fast food for lunch and dinner time. Make the center of town more attractive. Tear down the old factory that is an eye sore.
70	Change the status quo and offer businesses tax breaks or incentive to get started in, and to survive the winter in this town.
71	Clean up trash cluttered properties
72	more sewer
73	build up the downtown area with various operations
74	lower the taxes
75	Need to correct the traffic pattern in the downtown area in order to encourage business growth. Many restaurants and/or small businesses end of going out of business because of the parking problem and the ability to get back into the traffic pattern.
76	Undecided.

77	More citizen support of town initiatives as well as support of local business.
78	I'll mention two. To protect the beautiful lake we desperately need sewers run up to South Shore and Lakeside Drive on the lake. And, we really need a better library facility. We use the Nash Library in New Hampton or the Meredith Library when we want to spend time in a library.
79	Continue to protect Newfound Lake Revitalize the center More support for the Library Continue to support the schools
80	New businesses to help the tax base
81	More tax base
82	Put a traffic light up coming into the Village, so resident on N Main can get out of their street and it would make it safer for pedestrians to cross the street. 2nd...Lets support our local businesses and encourage more to come to Bristol. We need more parking for the store owners and customers.BUT with all that said...there needs to be a need for more up to date services. The town of Bristol needs to come into this century and not be years behind...while maintaining the old town feel!
83	protect newfound lake install sewage along lake area.
84	#1 The improvement of downtown, especially the removal of the abandoned structure heading down Central Street.
85	That employees of the town are paid with supply and demand being considered, not paid because of unions in control. Want good employees, but not employees that are overpaid when considering the private sector.
86	Public involvement in their community
87	Cummings Beach improvements and another restaurant or two.
88	Develop a realistic town master plan that will facilitate planned economic and social growth. Develop a timetable and initiate an action plan.
89	Sewer to help protect watershed. Some sort of activiteis for kids 12-16 Improving transfer station with plastic recycling. Trash recptacles around beaches and along new recreation path. Improving traffic control at crosswalks by installing a traffic cone with a sign in the crosswalks.
90	Bristol needs to enter 21st century and encourage entrepreneurship. Grafton County Economic Devel Corp should be involved in getting us a cdbg grant to improve our tellecommunication infrastructure to attract high end entrepreneurs.
91	Get rid of that dumpy gray building downtown next to the fudge shop. Make sure all building are occupied downtown. Continue with bike/walking trails -- it seems to be used all the time and what a great way to build community!
92	Provide jobs and housing for single families.
93	lake septic system,need to open up the area for more buliding,with a system,more tax revenue
94	Have the State of NH reroute 104 out of the center of Downtown Bristol
95	Lower Taxes, PUT LIGHTS IN CENTRAL SQUARE VERY DANGEROUS INTERSECTION
96	do something with the taxes,you are driving us out of town
97	we need sewage along the lake to help preserve the lake
98	installation of town sewer lines around the lake to insure continued cleanliness
99	Extend public sewer
100	We need to instill or re-instill the idea in people that Bristol is the hub. Without a hub the wheel is useless. The lighting, sidewalks, and over all looks and functions of Bristol need to be improved.

101	Sewer. Protect the lakefront areas by extending sewer lines.
102	In my opinion the town government organization needs a thorough study, overhaul and likely a reorganization. While I supported a town manager form of government my support is dimming. I don't see the kind of action necessary to stop a cost spiral far above cost of living. The SAU expenditures are totally out of control. There is fluff and overhead that would drive a private business into almost instant bankruptcy. Again expenditures far above living costs and no improvement in results.
103	Allow the owners of property in the small setion of Bristol on West Shore Road called Bear Mountain Cove to become part of Hebron because no real services are provided by Bristol to this area.
104	Crack down on the crime that we have in Bristol, so that people will want to be more involved and feel it something is done to help Bristol look better it won't be trashed, and nothing done about it.
105	Nothing
106	clean up some of the homes that look like they should be condemned
107	more supervision should be on the size and condition of the boats on the lake..they are polluting the lake.once you lose the summer people because of the dirty lake I think bristol will be in trouble..years ago we drank the water from the lake....no more....
108	Light industry to create more/better jobs.
109	more business
110	business' have to be brought in to help with the increasing taxes and if any unions do not have their contracts negotiated by town meeting then they will have to wait until the following year for raises..special meetings only serve to increase the tax load and defeat the idea of town meetings where your tax rate is set.
111	Improve the down town center
112	Prevent condo sprawl.
113	Improve downtown-make it more attractive for the tourists who stop and we who live here.Reclaim downtown buildings, create downtown river access, nice street lights, another walking trail, encourage new business to downtown. Keep Bristol an easy town to walk around.
114	Spend some money.
115	There is no "class" to our town. Virtually every town in Vermont has a classier appearance or touch of elegance - all we have is our lake - an advantage but an underutilized advantage. Even places like Center Harbor or Meredith have "class". Instead we have a run down town center with unattractive businesses where no one goes.
116	Control spending and reduce property taxes.
117	Sewer Services Lakeside Drive, Resturants
118	Something up to date for children to do.
119	Enforce the sign ordinance
120	new police building
121	new police building
122	I think the Bristol Police Department is corrupt and should be shaken up, actually I KNOW they are corrupt.
123	Lower the tax rate and improve the Minot-Sleeper library
124	Upgrade the appearance of the town center and revitalize downtown.

125	Better response to utility problems such as the low water pressure we at Red Fox Village have experienced since going on town water.
126	Complete review of Bristol Shores. It is extremely overcrowded. The Mobile homes are too close together. Occupancy exceeds capacity. The amount of people staying in these trailers is probably over the trailer's capacity. If there is a fire, I'm not certain that the FD will be able to stop a catastrophe from happening here. I'm surprised that the Planning Board did not put a limit on the number of units that could go on to the land that was developed. These trailers are packed into relatively small areas of land. I hope that any future development of this area is held to a higher standard, less trailers more land between the trailers. Really, this development is cramped, and overcrowded. The addition of moorings on the lake from Bristol Shores is dangerous and overcrowded. The water level is low here. This area attracts boaters that want to anchor and swim, the passage from the Fowler River is narrow. Was a boat traffic study ever done before allowing these new moorings to go in? These moorings obstruct non-motor boat activities to. Canoes and boats from the Fowler River, and Bristol Boat Club now have to navigate through this very congested area. This development and these moorings really take away from the beauty of
127	Have curb side recycling.
128	Police force needs to take more control. There are times when I wouldn't want my wife and child to walk on the street in the downtown area alone.
129	during the summer, traffic flow
130	Keep it affordable. Don't get too fancy. There are only enough taxpayers to support so much. We must live according to our means.
131	getting more business into the downtown. a revitalization of the square
132	SEWERAGE AT THE LAKE, SEWERAGE AT THE LAKE, SEWERAGE AT THE LAKE, SEWERAGE AT THE LAKE, SEWERAGE AT THE LAKE, SEWERAGE AT THE LAKE, SEWERAGE AT THE LAKE!!!!!!
133	maybe some kind of recreational center for the kids/teens in town.
134	Put resources into town center.
135	Development can help off-set the tax base. This must be done conservatively to keep the beauty of Bristol intact. We would also like to see the elderly get a tax break to help them enjoy their homes in Bristol as long as they can. Also consider housing for the elderly.
136	The attitude that more things need to go on downtown and that the town needs to get bigger and busier. Also, West Shore Road is a hazard to driver and pedestrians in the summer. A sidewalk needs to be considered for all the baby carriages and kids that walk to the beach or esp. to Shackett's store. It is just a matter of time before someone is seriously injured. If you ever put a sewer down that road, please make a sidewalk at the same time.
137	Place definable limits on growth, specify the areas for that growth and protect those properties through easements or outright purchase that are too valuable to the community to have developed. Then we need to affect a change to the traffic flow around the down town to make it safer and more convenient to get around and therefore more desirable a place to visit.
138	Lower our property taxes.
139	Have the dump open on sundays for the weekend vacationers. Trash is left places because people who leave on Sundays don't want to take trash home.
140	Sewers for the homes around Newfound Lake to protect Bristol's BEST asset. People own land and have homes here for the lake. If part time residents were not here-less taxes etc. We must keep the lake clean. Most septic systems are old-very old and not safe.

141	NEW POLICE DEPARTMENT...ENOUGH IS ENOUGH,TRAFFIC PLAN FOR THE DOWNTOWN SQUARE GETTING WORSE EACH SUMMER,MORE POLICE OFFICERS,GET RID OF MICA BUILDING ITS AN EYE SORE
142	People who pay property taxes should get town roads and applicable services or they should receive a tax abatement.
143	Lower property taxes
144	An influx of businesses. A business park could provide a begining. We need up scale businesses that could provide good paying jobs and most of all Tax relief for the local property owners. This town survives on the summer tourist trade. That was fine for the gay "90s". "Wake up" this is the 21 century. Give me a reason to spend another 30 years in this town.
145	better education
146	Lower taxes
147	re-vitalize the downtown area
148	To bring more jobs back into the town
149	more for the kids to do to keep out of trouble
150	Fairness and equity regarding the issuance of new building permits especially to those who have paid high property taxes.Use common sense in making decisions and reduce the amount of monies paid to attorneys to render decisions.
151	I do not live here , you have a nice Town.
152	Extention of the sewer around Newfound Lake.
153	Make downtown a walking town ... wide sidewalks, outdoor dining, botiques, encourage artists ..
154	Sewer extended
155	let some outside businesses in.
156	recycleing: the better we encourage the proper way to recycle, the better we can serve the town and reduce the cost.
157	More space for the police and town offices. Also completing the library addition
158	get rid of junk cars and trucks in peoples yards. we have people in this town running junk business from thier front yards!!!!!!
159	Reduce the property taxes
160	Reduce the property taxes
161	Sewers in Lake area to protect the lake signage and road paint at the bike trail crossing near the river to improve safety
162	Improve town center
163	I really like it just the way it is!
164	lower taxes give tax incentives to manufacturing to relocate in bristol
165	listen to the people effected by ur actions.. u the town officials..
166	Bristol has a historic, old town center that must be preserved and could be developed responsibly. The lake access is beautiful and also must be preserved, and commercial development of the lake area must be limited.
167	allow the summer cottages to put homes on less than 3/4 acres providing they tear down old bldgs and put new construction on them suitable for the land
168	We need a people frendly town, somewhere you can go and spend time and money. We need to encourage people into the town. Wide sidewalks, parking, places to browse.
169	clean up the down town. get the punks out, and to stop such Strong police presence.

170	Improved cooperation between Schools and Recreation Department. More proactive care of Athletic/Recreation Fields. Added access at Town Beach of Kayak/Canoes. Residents living around town beach are need to be more considerate of those using the beach
171	Investment in the downtown - aka - sidewalks, lighting, vegetation - etc.
172	taxes are too high
173	Less regulation, less municipal spending, fewer high paid department heads and administrators. Eliminate nepotism and cronyism in town government. Cut the size of the Police Department, bring back the volunteer Fire Department. Stop using taxpayer money to subsidize services to surrounding communities.
174	Dissolve long standing board and committees that do nothing to engage new residents in the decision making process. The "good ole boy/girl" networks are a disincentive for involvement in public groups.
175	Encourage but,above all support new and existing business. This community needs decent paying jobs!
176	a little more business development
177	Bring small business or some manufacturing into town to increase tax revenue and take some of the burden off the residents.
178	Improvement to the infastructure. Renovations and improvement of existing town owned buildings including schools. Improvement of the Bristol Downtown district.
179	Improvement to the infastructure. Renovations and improvement of existing town owned buildings including schools. Improvement of the Bristol Downtown district.
180	Do something positive to attract more business.
181	Improve the downtown area. Restore the "village" feel to the downtown. Get rid of that yellow sign on the old radio Shack building.
182	Improve the downtown area. Restore the "village" feel to the downtown. Get rid of that yellow sign on the old radio Shack building.
183	People need to support schools and town projects that offer 21st century advantages to all citizens.
184	Zoning - calculated business development, low-density residential development, and preservation of open space
185	More business opportunities
186	More for the youth to do to keep them out of trouble.
187	Lake residents need town sewer. The lake over 30 years has gotten dirtier. The development in the hills around the lake will have severe consequences with the runoff. Most septic systems around the lake are 30+ years old
188	Invite more businesses into the town to help reduce the tax rates
189	1. downtown needs to become a vibrant entity
190	Offer more activities for teens - figure out a way to have more local business/manufacturing for employment
191	Improve what we already have, don't add and destroy more land or shoreline. Ex. old house renovation vs. building an apartment complex
192	Real downtown revitalization, with the town kicking in funds to make it happen, rather than just another study or idle talk
193	Preserving and conserving waterways
194	Public facilities for all residents

195	We really need a new municipal facility to house the police, fire and ems services that we get. We also need to expand the transfer station hours to be 5-6 days per week instead of just a few 1/2 days.
196	Extend the bike path
197	fill empty down town stores
198	Improve the downtown area by recruiting new business.
199	revitalization of downtown area more jobs in the area
200	more commercial building that does not impact downtown or the lake district
201	Control of growth
202	no opinion, only lived here 3 months
203	Expand the tax base to help property owners
204	a bit more commerce in outlying areas to improve the job market and accessibilty of local resources
205	more police to kick the ass of teenage punks in downtown bristol
206	Downtown needs to be cleaned up and buildings need to be improved
207	youth activities for children under age 4
208	Improve the visual appeal of down town to attract retail vitality and activity
209	Need to achieve and maintain businesses...we do not need 4 pizza places in a mile and a half radius...
210	more shopping.
211	more businesses will mean more local jobs
212	Downtown area needs to be more attractive.
213	Attitude towards tourist and high taxes are driving people away, need to address towntown parking, and do more to attract tourist and extend the tourist season. A hotel with recreational facilities on 3a going north.
214	Police activity in town and fix downtown traffic flow.
215	Reduce tax burden.
216	Encourage business development that will create jobs and help lower tax rates.
217	Stabilize downtown by bringing in businesses that will stay and provide employment
218	Go slow on development; don't want to see fast food joints and strip malls along major routs; just look at Tenny Hwy. in Plymouth; what an unattractive mess.
219	MORE PRIVATE INDUSTRY GEARED TOWARD ATTRACTING TOURISM
220	downtown bussiness to thrive-dont let anything come in that would threaten that potential. Our locally owned bussiness will thrive with the right timing, choices. This brings a community closer together socially and keeps our dollars in town. OH, and why cant our beaches be nonsmoking???!!! you can smoke standing up on the road, just put some funnel ashthings up there, say spread out 5 or six down the length of the road and keep all those butts out of the sand, our childrens mouths, and downwind of those resting on the shore-isnt this obvious!
221	Encourage more industrial or manufacturing to help with taxes and employment.
222	Strict Zoning particularly for shoreline protection and enforcement on environmental rules governing development/improvements on homes and businesses
223	Revitalize town center.
224	We need more affordable housing for our young families. It's important to keep them here, to continue to preserve the sense of the town. Too many have to move to afford to own a house.

225	You have already made great strides with the new town manager who is impressive in her fairminded and logical approach to resolving so many inherited problems at all levels of town government.
226	This: Without neglecting the valid needs of resident adults, to provide for resident children of all ages solid, functional, and ample recreational resources, areas, and materials. Male teens NEED a skate park! Teens need a bike park! Younger children and their parents need the playground area of Kelly Park to have more play equipment, seating, and shade trees.
227	downtown businesses to thrive, abandoned buildings resolved in one way or another. New police station.
228	LESS POWER BOATS ON NEWFOUND LAKE SEWER LINES AROUND THE LAKE
229	Change is going to happen; it can't be stopped.
230	Allowing development of more industrial, professional and commercial businesses to strengthen the economic and tax base - but only if it can be done without damaging the town's current charm and small town ambiance.
231	I think we need to focus more on the education of our children and looking to their future - recycling, library/internet availability to name just a couple.
232	too many cops, clean up the center, encourage upper class citizens to move here by offering good deals on homes/business buildings that need to be fixed up.
233	Downtown improvements but encourage business in a wider area of downtown so tax rate can be reduced.
234	Community activities/facilities - from restaurants to athletic facilities
235	Have people clean up there properties. Keep noisy businesses away from private homes. Think about going GREEN, lower the lights, make downtown more like it was before it got all paved over, bring back the Christmas decorations that we use to have hanging from the posts.
236	Have people clean up there properties. Keep noisy businesses away from private homes. Think about going GREEN, lower the lights, make downtown more like it was before it got all paved over, bring back the Christmas decorations that we use to have hanging from the posts. I would like to have the town of Bristol recycling plastic.
237	Lower the tax burden especially to people on Newfound. Taxes are out of control and spending needs to be reigned in.
238	a library addition
239	Preserving the historical value of the downtown area as well as developing the old existing buildings.
240	I think more business needs to come into the town. Either in the form of restaurants, small business, light manufacturing or other industry. I like the "small town" feel of Bristol but the down town area is starting to look deserted.
241	stop conversion to multi apt. housing...tougher welfare laws...encourage cultural events...become a destination for outsiders
242	More resteraunt options and local shopping (anitques, arts)
243	Better zoning
244	Decrease excessive spending; keep taxes affordable and stop the punitive way seasonal people are taxed. View tax...water access tax.. This is all BS.

245	Control development so it takes the needs of the whole town into consideration, not just the developer who is then gone with profit in hand. Those condos after the town beach out towards Shackets are a good example of building that ruins the view of the lake for all but a few. Also, every field that turn to houselots is a field lost forever. Adjust tax law to help the farms left survive.
246	Working toward a main street type of downtown area in order to make the area more of a draw for people to want to shop and be downtown.
247	Rejuvenate the downtown area.
248	more balance with year round and seasonal residence, opportunities for quality employment, sewerage for all residences/businesses in Newfound Lake, Newfound River, and aquifer protection areas, downtown village district plan, possibly Main Street program, tax benefits for those located there or landlords who work with businesses that want to locate there. Encouragement for diversity in businesses that meet the local needs for shopping, employment, and services.
249	Improving the roads!! Improve the playground! There isn't even a trash can to throw away the trash people leave behind! I bring a bag and throw away other peoples crap! If the playground is being used by the public, the schools and the community center it should really be taken care of. It also needs a couple of benches.
250	Taxes on boat slips are absurd. They shouldn't be taxed the same way a residential property is.
251	control of its own destiny so it does not get strip malls, McDonalds, etc.
252	End town meeting decision making. Have town meetings for debate only and ballot setting, but vote on ballots for all items at normal polls. That way everyone can participate, not just those who happen to have the time and patience to be able to spend all night at town hall listening to endless ranting. Also need residential/rural zoning so you can't drop a mobile home on just about any piece of land, or pile trash, equipment, and junk cars on your property (visible from off property) and bring down neighbors property value.
253	Would like to see Bristol Community Services move to larger quarters, this group does a lot for the residents of Bristol.
254	Be able to release Bear Mountain Cove to join Hebron. The town does not want this for economic reasons. Lack of police, fire, town water and sewer represents an enormous disparity for the residents of Bear Mountain Cove.
255	Be able to release Bear Mountain Cove to join Hebron. The town does not want this for economic reasons. Lack of police, fire, town water and sewer represents an enormous disparity for the residents of Bear Mountain Cove.
256	Balance the tax load between year round residents and Lake residents. The burden is too heavy on Lake residents particularly in light of direct services provided.
257	The Newfound School District needs more resources to better our education.
258	Getting more parking for Town beaches, Bringing town Sewerage to the lake area
259	Lower the TAXES
260	Get rid of that old buidling in downtown with all the boarded-up windows!!!
261	"No new taxes!" - Geo Bush, Sr.
262	Manage costs because the tax payers can't keep footing the bill.
263	Developmet of commercial/industrial partnerships to reduce taxes and increase services. The develoment would need to take place in areas not detrimental to the natural resources ie lake, hiking trails etc.

264	Job opportunities for locals...septic to the lake area...More parking down town area and beaches (foot of lake)
265	Manage development to maintain and improve the natural beauty. Stop stripping the hillsides to build houses - balance with nature!
266	Economically viable year-round businesses in town center
267	Bring Town Sewerage to the Lake, Eliminate septic so close to water
268	Improve the tax base with the addition of key manufacturing and businesses as well as improving job opportunities to keep young professionals engaged in the community.
269	Be more business friendly
270	Revitalization of downtown, develop green area in the square, lighting, sidewalks, removal of or development of Mica building.
271	more tax base buissness
272	Revitalize downtown with 1)improved parking quantity and ease 2)encourage specialty botique business to draw in tourist shoppers 3)minimize downtowns discount pizzia restaurant atmosphere, this only draws business in for a short time with little real income generated
273	life and business needs to be brought to downtown. downtown needs a facelift.It is depressing driving through town seeing many vacant storefronts and rundown buildings.
274	revitalize downtown
275	More things to keep the children busy when not in school.
276	Decrease the size and expense of the police department. It is way out of proportion to towns of comparable size and make-up.
277	sewers around newfound lake
278	undecided
279	Support to downtown businesses
280	Stop over growth and keep the town simple. That is what draws people to the area. Quiet and small.
281	The library expansion plan needs to be brought up again, and all efforts should be made to educate local people to the advantages such expansion would provide.
282	We need to stop builing around the lake and stop treating this town like it is a big city. There are too many out of state people moving in our town, trying to make it a big city emenities. The whole reason why they came here from the cities was because they want to live in the country. If they want so much, go back where they came from and leave us alone
283	controlling the type of growth that will keep the same atmosphere also, the consideration of town sewer around the lake to preserve the cleanliness of the water
284	lower taxes
285	Widen the employer base to provide more jobs in wide range of skill and unskilled labor
286	To maintain what is the best and change, with vision, what needs to be altered to continue growth and stability for the future
287	The town needs to move much faster to preserve the lake and to keep it clean. Start working to get town sewage in sooner rather than later. Try to make the ten year project into a five year project.
288	The downtown businesses are always closing and I think a stable downtown economy would make a big difference.

289	Improve the looks of the square, more trees would help. Bring in unique shops, more antique shops and collectible shops, a country store to make Bristol a shopping destination. The shops and the eateries make it a place to spend a day or weekend summer and winter. Develop the riverfront downtown with a park
290	better zoning
291	Improved zoning and land use laws to prevent blight.
292	keep taxes under control.....taxes are to high.....
293	Control of lighting and noise from new and existing development.
294	Sewers
295	modern business,town sewage,dump open on Sunday
296	More resources dedicated to family interests especially schools.
297	Downtown zoning and traffic pattern change. A rotary would be a welcomed addition to town.
298	Make the village more useful to area residents by removing dangerously failing buildings, bringing in new merchants (goods, services and jobs), improving parking and improving the aesthetic appearance of existing buildings and town area.
299	SEWAGE!
300	The town really needs to focus on rehabilitating the downtown IN A PROFESSIONAL MANNER and attracting viable business to that area -- discouraging the current hodge-podge of revolving-door enterprises.
301	Bring in business growth. Everything else follows.
302	Lower property taxes so that property owned for generations or same family can hold on to that property for future generations. Looks impossible as things stand in Bristol.
303	More work oportunities
304	Stop raising tax's for (new) programs or projects keep what we have now -
305	Develop town plan - wise growth
306	More citizen involvement in decision making(town meeting, or otherwise)
307	Lower taxes. Have a neighood watch care about your fellow man
308	More business in the downtown area
309	Building Codes and Bulding Inspector. KEEP NEWFOUND LAKE CLEAN SEWER LINE TO SERVE LAKE
310	Bring in Business to help with Taxes Revitalize Down Town
311	New Police and Municipal Offices. Bring in some business for much need tax revenue. Clean up junk cars in driveways and yards.
312	Stop penalizing lake residents with unrealistic tax increases.
313	Smaller government, Smaller Police Dept., stand alone ambulance service
314	Improve Down Town
315	Remove the 2 dams that are eye sores and in need of repair! Also its a threat to main street Bristol
316	Don't over develop areas E.G. Bristol Shores - 300 units in that small area. Who did they pay off to get that to happen?
317	Transportation for all -gas is so expensive, perhaps the public would now feel the need to use it more - not just the seniors - lets have a transportation opinion survey sent out.
318	Sewer
319	Improve recreation sites and areas
320	See above

321	A little more to offer downtown - too many businesses closing/for sale, ect - maybe improve appearance and promote industry. Also improve public beach areas (more sand - some is eroding)
322	Historic preservation - anything to preserve the character as a New England Village. More Victorian lights and trees and flowers buckets, brick sidewalks if possible.
323	More tennis courts Public park for children
324	More downtown business Lower taxes
325	Clean up the downtown w/brick walkways, lights, trees, new signage
326	Revitalization of downtown to make it a must destination
327	A PLAN TO SLOW AUTO TRAFFIC ON MERRIMACK ST. TO AVOID INJURY TO CHILDREN. EXCESSIVE SPEEDING IS OCCURRING AND TRAFFIC IS IGNORING STOP SIGNS AT CORNERS OF MERRIMACK AND SPRING STREETS. RESOLUTION TO THIS PROBLEM IS URGENTLY NEEDED. POLICE ENFORCEMENT IS NON-EXISTENT AT THIS INTERSECTION. REPLACE SIDEWALK (CORNER OF SPRING ST. EAST TO #61 MERRIMACK ST. (200-300 FEET)
328	Encourage Tourists/Vacationers To Visit/Stay For a While
329	Physical improvements in downtown area. Old type lamp posts and brick or cobblestone sidewalks. Not so large an area that it couldn't look very nice. Town needs to purchase and demolish old factory building next to the mill. Very unsightly (for years)
330	Nothing
331	Nothign
332	Restrict dead cars in residential areas
333	Extend the bicycle path - walking/hiking recreation areas
334	Zoning changes to promote smart growth, conservation subdivision & conserve open space
335	TO RENOVATE RUN-DOWN BUILDINGS IN DOWNTOWN AREA
336	REALISTIC ASSESSMENTS OF REAL ESTATE VALUE CURRENT TAXES MUCH TOO HIGH
337	Stop using out of state ideas these people left there homes and towns, cites because they didn't like but brought these ideas here not so good for Bristol
338	Add on to the library - but dead River & tear down bldgs for parking. Re question 4: even with zoning town let that newfound shores campground get "out of control"; no excuse.
339	Lower real estate taxes. They are oppressive. Suggestion: A beautiful attraction for the summer would be to reinstate the practice of having an evening serenade of a (for example) trumpeter float across the lake at dusk several times a week. A high school student could be employed to do this ans it would add unique charm to an already beautiful lake. The lake is small; sound carries beautifully. Throughout the day thee is the roar of motor boats. A beautiful musical sound in the evening would be enchanting.
340	Sewage
341	1. Clean up drugs in the area oxicontin, methodone, ritalin , meth etc - these drugs are readily available to kids+ every one else in our town. This is not really funny. 2. Make school system a great school with high standards (educational + behavior. 3. Concentrate on quality of environment , solar, recycling a long these lines. 4. Stop Development of the lake. Question 14 - Redefining zoning districts - Always should be open to review
342	Noise ordinance with strick building codes
343	nothing
344	Building inspector - code enforcement - no one is enforcing rules - ie - former turner property

345	The influx of business and industry to balance the tax obligation
346	The cost of things must go down
347	CENTRALIZE AND GET RID OF DUPLICATION OF 5 TOWNS SERVICES REGIONALIZE AND PLAN NEW INDUSTRY, WORK TOGETHER. (IE WE LIVE 1 MILE FROM INCENERATOR YET TRAVEL 8 MILES TO COMPACTOR)
348	LOWER TAXES Near The LAKE
349	Sewer up to the Lake. Stop the water and It's too expensive and raise tax therefore lowering values
350	"Lower taxes"
351	A community center to keep kids busy and out of troubleA Senior Center for senior companionship, meals and recreation & lower the real estate taxes for seniors
352	Improve the Downtown area + village green + parking new sidewalks, lighting, beaches, signage get rid of mica building
353	RESTRICTIONS NEED TO BE LIFTED TO ALLOW BUSINESSES TO COME INTO TOWN ESPECIALLY CENTRAL SQUARE AND NOT NEED TO COMPLY TO RIDICULOUS CODES OF THE HISTORICAL (HYSTERICAL) SOCIETY.
354	Last taxes
355	REMOVE THE MICA BUILDING & IMPROVE THE DOWNTOWN AREA
356	SEWERS
357	safe sidewalks
358	industry - less focus on tourism
359	Cut taxes by voting SP2 Town Mtg on ballot. Accessors need to be licensed and held accountable to other homeowners. Since we have SP2 school ballot for teachers should not be allowed to request a special voting session. This costs the town a lot extra and voting needs to be done at reg time. Mica factory needs to go
360	CUT TAXES CUT TOWN AND SCHOOL SPENDING GENEROUS ELDERLY TAX EXEMPTIONS NO RESOURCE LIMITATIONS
361	1. Install Sewers around Newfound Lake 2. Town management of private roads in Bristol 3. Increase tax base through new development which does not encourage pollution or more school age children so that are reduced Enforce state building codes rather than town building codes
362	Walking paths at Newfound
363	We should have a community center for children & another for seniors - like Meredith did. Reduce the taxes, give the 80 yr old & older no school tax
364	improve center square
365	Maintain the friendly atmosphere of the year round people and the regular summer people who go south in the winter
366	BRING SEWER LINES TO THE LAKE TO PRESERVE THE LAKE
367	REVITALIZATION OF DOWN TOWN

Q21. What is the one thing most important to you not to change about Bristol?	
1	The solitude of the Lake
2	The beautiful scenery
3	See # 19
4	The lake
5	I think there is something to be said about preserving the historic value of the square, however it should be kept in mind that history is the foundation of the future. Therefore change should not be discouraged. The history of the square is really its vibrance and bustling community, to bring that back is preserving history, keeping some old buildings looking like old buildings is not.
6	do not make Bristol the next Tilton.
7	Utilizing the Town's beaches on Newfound Lake to provide swimming access for all residents, free from interference by motorized vessels.
8	the 104 corridor coming into Bristol from 93
9	We need to allow celluar towers to improve reception in this town; it's KILLING businesses and people who newed to conduct business while here. Instead of staying here and having lunch or dinner, they have to leave town in order for their cell phone to work and conduct business. Gee-ZUS! Could someone with some 21st century foresight get in power!!
10	I'd say the most important thing is to get the Chamber of Commerce to get new businesses into the downtown area. There is too much vacancy!
11	Newfound Lake.....
12	I don't want to lose my land for new Town Offices in the old Town Hall. I think you could build a third floor in the building you're already in and still let the police have the rest of the building. And I think you could expand the parking lot you've already got. I don't want a town employee picnic table in the middle of my garden....
13	POPULATION GROWTH
14	Beauty of the area.
15	Rural Character
16	Quality of life.
17	The town beaches and access to the lake.
18	the surrounding aera around the lake
19	We don't need strip malls and over commercialization
20	Making it into a much larger communtiy keep our population base as it is
21	It's reputation for having the cleanest lake in the world.
22	Keep the natural habitat, do not overdevelop Newfound and make the lake like Winni.
23	Bike path is a great family addition which I would not change...and I would not allow snowmobilers on it...just cross country skiing.
24	THE CARECTOR OF THE TOWN DON'T TOUCH IT.
25	no new town office or police office
26	restricting building near the lake
27	The small town feel
28	Do nothing that would spoil the quality or attractiveness of the lake, naturally. Be vigilant about any developments that would increase traffic in any significant way.
29	No big businesses.
30	The quality of the lake should be preserved even if that means limiting power boat/wave runner access.

31	Newfound Lake and its pristine quality.
32	Green space (especially on 104)
33	quiet
34	Don't go overboard developing shopping centers or professional office parks if they might remain empty and become run down due to lack of use.
35	To some extent, it rural nature - keep the downtown area for commercial business and perhaps expand it a little bit but I don't want to see another route 3.
36	The natural beauty of Newfound Lake and the small town feel is important. Let's keep out the strip malls and fast food places or at least limit them to the roads to Franklin or Danbury.
37	The quiet atmosphere. It would be a shame if Bristol became like some very crowded Cape Cod communities. The views along the lake are beautiful; excessive building on the lakeshore and in the surrounding hills should be discouraged.
38	It's friendly rustic country feel. It's natural, wilderness splendor.
39	The natural beauty of the entire Newfound Lake area.
40	dont move it any closer to my home
41	The beauty and the sense of community
42	multi-rental apt. bldg they create problems for the police and the neighborhood.
43	Simplicity: no high rises, malls, big box retailers
44	Do not make 104 east of town in to a strip mall paradise! Keep it as it is.
45	small town atmosphere
46	Small-town atmosphere
47	Keep it a SMALL town
48	taxes
49	Keep business signage limited.
50	The country Town feel we do not want to grow too large
51	Don't turn it into lake region N Conway, keep it simple no traffic hassel
52	Do not want it to become a city. Taxes are already too high for what you get.
53	Good Grief Muicipal Services are fine. NO Changes please.
54	Keep the Lake District as is - DO NOT create a Winnie Two by trying to add commercial ventures other than recreational. Get rid of the awful neon signage at Cuna Mara!
55	Keep the atmosphere
56	I would hate for it to change to a big city atmosphere
57	Having the main road going through the town and not to disturb the walking path
58	Community Center and programs
59	It's quietness
60	bristol the way it is. a small town.
61	It not being over commeralized. Keeping it a small town.
62	Over development that is not well planned.
63	There's really nothing I can think of, other than leaving the new 5 member board of selectmen in place. everything else needs to change.
64	Town Hall
65	The natual environment and the downtown
66	natural setting
67	the charm of the area
68	Do not want Bristol to become overdeveloped like Meredith or Gilford. The lake is an asset which should be preserved and not abused by large developers.

69	everything; it's perfect.
70	The small town feel and character.
71	The small town friendly feel.
72	Bristol's small town appeal is what first attracted us to the area. While large commercial developments would help relieve the tax burden, I think it would change the wonderful small community feeling that people experience when they come to Bristol and the Newfound area. Every time a new large company moves into Plymouth, it takes away from that community.
73	keep as small town
74	The community center and their services, I think we need more for our children! If there were more events and things to do for our children...we would not be faced with a drug problem in the town.
75	Not to overpopulate and become to commercial
76	I like the way a lot of the buildings in the center are being renovated with the charm still intact
77	Village/rural living
78	The peace and quiet and the cleanliness of Newfound Lake.
79	Old town character
80	To preserve the area around the lake and the town of Bristol and not turn it into the havic of Lake Winnepesaukee.
81	We should keep our water clean, our forests, open spaces. We should encourage respect of the mortar and the meaning of our memorials lest they be forgotten.
82	The New England charm. At Christmas, the downtown makes me and my family feel like we are stepping back in time and we always have to walk around and listen to the music!
83	The lake. No more condos. They have taken away most of the view.
84	the quality of the lake area
85	No businesses around the lake. Keep it from being overpopulated
86	overpopulation which may be brought about with mass construction of apartment complexes
87	Don't try to change it. New Hampshire is becoming an extension of Massachusetts.
88	The infrastructure has to be built up again to what it use to be.
89	Character of the community, we really enjoy the small town atmosphere and rural nature of Bristol.
90	Small town rural atmosphere.
91	Keep it a small town with some modernization
92	The small town atmosphere
93	Do not commercialize.
94	the small town atmosphere
95	I would like to see the town kept as it is,small friendly town, unfortunately every year I see more people, more cars....
96	Keeping the small town atmosphere. Christmas Tree lightings, 4th of July Parade etc.
97	staying the way it is
98	the "small town" atmosphere...
99	keep the town small "country like"
100	Quaintness.
101	Rural NH small town charm. It's Bristol's most marketable asset. No strip malls or shopping centers - they are all around us anyway.

102	Enhance the down town, upgrade the appearance, make it a destination where people want to visit and shop in quality stores not junk shops such as we predominantly have.
103	Quality and quantity of Lake access. Overuse is a real problem.
104	Lake
105	Do not make it a hustle and bustle town with large shopping malls etc.
106	stop having a town beach
107	keep it small
108	It's small town atmosphere ie: no fast food places, taxes should be kept in check because as it is now, I won't be able to stay in my house once I retire due to the taxes
109	The historic character of the downtown area.
110	The small town, uncrowded atmosphere- the wonderful care given to maintain the purity of Newfound Lake.
111	Its size.
112	It's natural beauty, God's world - the mountains, the landscape, the rolling hills full of beautiful trees of a million varieties, the streams, rivers, lakes, "Nature at it's Best", the wildlife - free to roam, free to live and the lack of commercialism (man's world)
113	The rural feel that the town has.
114	small town atmosphere
115	It's character.
116	the character of the development and building around the lake.
117	It's small community feeling.
118	Don't let the town become too populated
119	The small town feel in the village. Development near I-93 Exit 23 where it would be economically feasible for commercial endeavors.
120	The small town character. Inviting businesses to locate here is going to change this to a larger, busier, noisier place with a lot more traffic.
121	The rural and community character of the place.
122	The preservation of the lake is the most important asset that Bristol has. I worry about maintaining the cleanliness of the lake due to the many large power boats ("21" and bigger!) and the free boat access that just allows to many boats, at no cost to them, for the size of the lake.
123	No more developments of Condo complexes. The town has changed in the past 15-20 years. There is so much for sale and rent now, why build more. Create more jobs before more housing.
124	Housing development
125	The friendly, relaxed country feeling-not citified!
126	anything that will increase traffic...
127	Not to overbuild in the area
128	The town square.
129	no malls encourage small businesses
130	keeping business local, no chains or franchises
131	Do not change the serenity and cleanliness of Newfound Lake area.
132	the small town feel
133	Retain the small, town friendly feeling but do not disregard the need for progressive leadership and new ideas to bring our town forward.
134	Small town feel

135	Rural nature of the community.
136	Newfound Lake
137	down town area and lake area
138	the beauty of the town and the lake area.
139	Do not develop along the roads leading into town. We don't need another supermarket or big box stores. There are plenty of them in Plymouth, Franklin, Tilton, and Laconia.
140	small town feel
141	I would not like to see Bristol over=developed or w/malls and fast food chains.
142	the natural beauty of the shoreline
143	central st bridge...lol
144	not to add to the traffic downtown
145	The small town feel.No fast food, malls, ect.
146	keeping it a small town, and better budget management. throwing money at problems does not fix them just postpones them. it would be nice to see the school stop asking for a new budget.
147	No multi family housing complexes
148	Historic building facades
149	That it not become overpopulated and commercial
150	Embrace change.
151	Small town closeness and acceptance of neighbors
152	Please forget the overpriced sewer extention planto service the lake area. Laws are in place to repair bad septic systems. They should be enforced. This plan is a waste of taxpayer money. If all the communities that boarder the lake werein on it, it might have some merit.
153	small town charm
154	Residential nature of the Newfound Lake Shoreline and limitation of commercial growth in that district.
155	Residential nature of the Newfound Lake Shoreline and limitation of commercial growth in that district.
156	The small town feel
157	The small town feel
158	The rural, friendly atmosphere.
159	Keep Bristol a small town!
160	Its country atmosphere.
161	Its character
162	The scenery
163	The small town character
164	Countryness of the town
165	keep its small town charm. do not allow over development.
166	Town center atmosphere
167	Newfound Lake and it's surrounding shorelines are well used, easily accessible, but NOT used up and cluttered.
168	Maintaining residential use of existing homes, rather than converting more to business or apartments.
169	Town charm and scenery
170	Beautiful landscape of the Newfound Lake area.
171	The small town charm.

172	it's a town not a city
173	small town atmosphere preservation of Newfound Lake
174	the historic downtown area
175	Do not allow uncontrolled growth and development
176	the small town feel.
177	It's country, suburban setting
178	the old hometown feel of downtown
179	small town atmosphere
180	non commercialism - no home depot, no wal-mart, no chain hotels, no car dealerships, etc
181	The additon of strip malls and shopping centers.
182	It's structure
183	too much growth
184	Keeping it small and not over developed.Improve on what you already have.
185	Small town atmosphere.
186	No more fast food cahins or manufacturing companies
187	Newfound Lake's serenity. Small town atmosphere.
188	hope not to see an influx of new businesses --think the present size and population is suitable for a vacation-type area --
189	The small town atmosphere. But that's impossible down the road. I lived in Salem when the population was only 3500.
190	The small town intimacy and atmosphere
191	its appearance and quality of life. Keep the rural atmosphere. Keep it small don't rush to redevelop or risk losing the appeal of the town.
192	NEWFOUND LAKE
193	SMALL TOWN ATMOSPHERE
194	no big chain stores-please!!!!!!! let them do that in plymouth. we'll drive if we need 'em.tackfull development-keep the trees, and the pleasant drives.
195	More housing on Newfound Lake.
196	No large-scale commercial businesses, such as Wal-Mart. Prefer small community businesses.
197	Don't know
198	Residents having a voice in decision making.
199	KEEP NEWFOUND LAKE CLEAN
200	I do not think the town can provide everything for everyone. Let small business grow as it is needed.
201	The look and feel of old, small town New England -future commercial/industrial growth should be away from the town center and, optimally, set back from scenic roads and recreational areas. Change is inevitable but careful planning can preserve what we have and promote growth.
202	The one thing I would hate to see changed would be the "small town" atmosphere. I realize the tourists and non-residents are important; however, the main focus should always be on improving the quality of life of the residents.
203	change is the only constant
204	Small/quiet community living.
205	Keep lake access available for town residents.
206	Controlled building of residences - schools cannot support large increases in students, and lake crowding will become an issue

207	I do not want to find 104, coming from 93, a line of stores like they have 20 minutes away in Tilton.
208	I do not want to find 104, coming from 93, a line of stores like they have 20 minutes away in Tilton.
209	The small town feel.. do not want it to turn into another Tilton sprawl or what is about to happen to Plymouth on Tenney Mtn. Highway
210	the square and the concentration of businesses away from bodies of water
211	It's small time charm.
212	The current state of development along the lake
213	Again, the small town feel. Our second home, which we use year round, is in Bristol. I would not change the limited access to the lake either. I think limiting the access keeps the lake clean and keeps it from getting so crazy with boats and jet skis.
214	small town atmosphere...do not need to become a large town/city
215	The friendliness of the community and the local business ownership, no big boxes or chains please
216	Preserving the lake
217	Small town atmosphere, and not letting it get too commercialized.
218	Keep it simple...don't try to turn it into a Laconia, Meredith, or North Conway.
219	Keep the local flavor of folks who know each other and don't just become a place where people sleep. Business and manufacturing jobs should be encouraged to help people live and work in their community.
220	Cleanliness of the lake
221	The welfare of the Lake. It needs to be preserved at all cost.
222	The lake.
223	I would not want to lose the excellent recreation programs from the Tapply Thompson Community Center that have worked so well to offer our area children opportunities for summer programs as well as other programs offered to adults and children year round.
224	Keep the town small. Why turn it into a commercial town.
225	The fine restuarants.
226	the lake is the draw and anything that impinges on the beauty of that would hurt in the long run.
227	Keep the small town environment.
228	The present old buildings in the town center.
229	The present old buildings in the town center.
230	Character of the Town. Do not want to become anything near Weirs Beach, Meredith or other similar communities with the traffic and other problems.
231	The TTCC is a great and rewarding establishment. It has lots of potential to keep the youth busy, entertained and out of trouble and harms way.
232	PRESENT SERVICES
233	School funding
234	Tax Rate
235	don't raise taxes anymore or you'll have everyone selling there property and leaving.
236	The ability to have a say in town business and politics, and of course the lake!
237	Not to become aThe ability to have a say in town business and politics, and of course the lake"lake
238	Its natural surroundings and the look of the older buildings that create the irreplaceable "New England charm".
239	Open space

240	not to get too big.
241	A new senior center would be helpful as well as an improvement in the financial climate through new business and industry. Improving the condition of some older run down buildings near the center would make it more desirable for new businesses to come here.
242	Keeping it a small town
243	the basic integrity of the historic district.
244	Newfound Lake
245	Historic aspect of downtown and overdevelopment along scenic older roads such as Peaked hill Rd.
246	the preservation of the lake and surroundings
247	the small town country living,I look forward to in my retirement
248	Small town atmosphere
249	more building
250	The character of the small town and quaint village district. Double digit population growth and shopping centers would ruin the character.
251	Keep fields open for wildlife and do not turn them into housing.
252	That real buildings are used for property taxes and land value not "tacky" portable tents. This measure of extending the number of people an establishment can serve in the summer season by using tents are avoiding a "real property" tax and is not fair to other tax payers. If they need bigger buildings to serve more customers either build them or buy a new building elsewhere. Do not allow establishments to set up tents!!!!!!!!!! This is tacky and takes away from the town's beauty.
253	We're a small town and we need to keep that quality in mind whenever considering changes.We don't need state-of-the-art police, fire and/or municipal facilities. What we currently have seems quite adequate to us.
254	Go back to the basics and stop making big changes to things we don't need.
255	not to bring in any "big box" stores to town
256	small town feel
257	The size.
258	historical buildings, monuments, the Town Square, Cummings Beach
259	Keep it small.
260	The public access to the lake and the park and community center.
261	Keep it small
262	scenic byways
263	High density housing and strip malls.
264	small town , low traffic
265	The large amount of countryside.
266	Not to become a busy hub like around Winnepeseake
267	it's beauty
268	The beauty and small town feel of the area.
269	Services from police, fire, and town offices. The only exceptions are the town transfer station and parks and rec.
270	The character and quality of a small town. (Do not allow large box store construction near town that would further deplete "in-town" merchant support.)
271	Keep it small town maybe another restaurant
272	The downtown -- while it needs a significant facelift, it should be preserved.

273	Ability to deal with reasonable people in town
274	The nice beaches
275	Small town feeling
276	The cleanliness of the lake
277	5 member select board + town manager form of govt.
278	The rural aspect
279	The Lake
280	Are around the lake. No more traffic lights.
281	The Lake
282	I would like to see Bristol revert to its own school system
283	NOT TO MANY BAR ROOMS
284	The small town atmosphere, and open friendly community
285	See #19
286	I love this town - but life as we live it is always a series of changes, not always pleasing, but our U.S.A. population is exploding. We will need to expand into rural areas where there is still land, water, clean air - our duty is to keep Bristol safe - for future generations
287	Clean up the downtown area
288	Taxes not going up
289	Taxes
290	See #19
291	No more cheap, horrible complexes going up on lake, that Bristol Shore is a disgrace - how did it ever get passed? To replace a camp ground with that and all that traffic and those moorings stressing the lake - it was such a horrible shame. How did that get passed? I would love to know - please call me if you can Stephanie (781) 662 - 5508
292	The character as a historic New England Town
293	Kelley park
294	Do not overbuild
295	The small town atmosphere
296	Small town feel
297	A DRASTIC INCREASE IN THE TAX STRUCTURE
298	The Quality of Life in Small Town Setting Friendliness of Full Time Residents
299	Green corridor on rte 104 from New Hampton Town line to Wells Field. Keep it non commercial
300	The small town quaintness
301	No more boards or commissions
302	Its character A lovely small friendly town
303	Rural small town character/open space landscape
304	STEM POPULATION GROWTH REMAIN A "SMALL TOWN"
305	SMALL OLD TOWN COMMUNITY SPIRIT
306	Small town living
307	downtown only needs parking
308	Minimum interference from municipal entities
309	Maintain current zoning and building codes
310	Start thinking out of the box
311	Keep the scenic areas free
312	Low taxes!
313	nothing

314	Yes
315	The socio-economic variety of its people
316	The tranquility of the beaches
317	THE RAILROAD RIGHT OF WAY TO BE REOPENED AS A TORISS ATTRACTION TO TILTON, HISTORIC DISTRICT, RIVER ACCESS AND WILD& SCENIC BROOK/STREAMS
318	The MIX of Residences in the town
319	Small town look
320	Lower taxes
321	Our natural resources
322	No strip malls on Rt 104 east or West. Town needs a lot of improvements
323	Historic
324	DO NOT ALLOW STRIP MALLS TO DEVELOP ON RT 104 EAST BETWEEN I-93 AND TOWN, NOR ON 104 WEST. KEEP COMMERCIAL EXPANSION LIMITED TO RT 3A SOUTH & NORTH
325	LACK OF NIGHTLIFE & LARGE SHOPPING AREAS
326	downtown town square
327	No! spending is out of control in this town. Cuts can be made in other areas. Grants and fund raising need to be utilized more.
328	CAN'T THINK OF ANYTHING
329	No. Taxes are too high already
330	No further building on The Lake
331	open spaces, wildlife and woods
332	To have my taxes reduced so that I will be able to stay here, and to have a senior center so that I have a place to go for companionship, & recreation
333	no
334	Continue #20 year round to maintain the friendliness of the people

Q22. Would you be willing to vote for extra tax money to be used for the projects you have	
1	yes
2	perhaps
3	no
4	Although I pay my fair share of taxes, I am not a voting member of the community.
5	Yes
6	No, should come from current tax base
7	no
8	Absolutely!! If my taxes don't go up \$2 on the 1000 this year, then it will once again be a year of stepping back, and I will again have no faith in the elected and hired officials of this town as well as its residents. The town needs to catch up with a past of negligence. The following items need to be presented and approved this year to not only catch up but to progress: Police/Town office project, Ladder Truck for the Fire Department, Pay Study for town employees with its recommended findings (in one year, not stepped out), staffing concerns of the fire and police depts., staffing concerns of the highway and w/s depts., FD P/U truck, town contribution to the Library and Sewer projects, DOCKS and cartop access at town beaches, along with some misc items I am sure I am forgetting. This should raise taxes ~\$2 on the 1000. Not only is that alot for \$2, but it puts us where we should be and should stay steady there after with the recent creation and progression of a CIP. That's \$400/yr for me(single income), and I'll be happy to write the check.
9	Yes!
10	Yes
11	YES YES YES YES YES YES YES
12	No. Hell No.
13	No because none of the projects I support will require new or more money; just use what you have differently.
14	Depends how much money.....
15	NO
16	Depending on the amount or the period of time.
17	Yes
18	Yes, for sure.
19	Depends where it would come from ?
20	no, they are plenty high enough as it is.
21	NO!
22	I have the utmost confidence in our present 5 member board of Selectmen with the Town Manager form of goverment
23	No, they're already too high.
24	Sure.
25	Yes
26	Yes
27	NO
28	NO i paid taxes
29	i have seen projects funded if people know the money is for the project vs just an uplift in taxes
30	as a last resort, yes, assuming alternative financial resources such as grants, etc. are sought first
31	yes

32	Yes, if the specific proposals are professionally planned and executed.
33	NO
34	Those who benefit from these projects (year round residents) should be. I feel we (seasonal) residents are already contributing more than our share.
35	Yes
36	Yes, if it is spent wisely
37	NO !
38	That's hard to say because I would like to see the tax rate decrease. It would depend on the project.
39	That is a tough question because the tax rate is already high. So, the town needs to develop more commercial business.
40	NO
41	Absolutely. Taxes are relatively low when one looks at the total tax load in NH, it's just centered on the property and business profits tax. If school funding is ever solved with an alternative revenue source, then we should be more free to spend money on the town side of the ledger from the property tax. Schooling is expensive and should not be nicked and dimed by stingy budget nit pickers.
42	Yes.
43	Depending on what my tax dollars would be appropriated to.
44	no, i am not allowed to vote on how you spend the 5000 i am giving you now it is called taxation without representation which is why we started a war with england
45	YES
46	yes
47	Depending on the %.
48	Certain projects. Police, yes. Schools, likely. Sewer, no!
49	no
50	yes
51	No - would prefer that tax money be used more efficiently than it is now.
52	yes
53	No. Revisit how present budget is being utilized.
54	no
55	of course
56	Yes
57	NO NO NO NO THERE YOU GO "LIBERALS"NO NO NO NO MORE TAXES.TELL YOU WHAT THOSE WHO VOTE YES CAN PAY MY INCREMENTAL SHARE OK. I DON'T WANT TO PAY ANOTHER RED CENT. ENOUGH OF THIS SOCIALISM!!!! SURVEY REEKS OF LIBERALISM - SOCIALISM - THIS IS NOT BOSTON THIS IS NOT NYC. GOOD GRIEF! CAN YOU TELL I AM PO'ED.....HAVE A NICE DAY...YOU RUINED MINE
58	We can't vote in Bristol, although we have owned property in Bristol and have paid taxes since 1942. You should find a way to tap into the energy and bucks of the summer folks who should have at least a voice, if not a vote, in Bristol.
59	Taxes are high enough already
60	yes
61	yes
62	only after careful examination of the specific project proposed
63	yes
64	Absolutely

65	Given the drastic increase in taxes and the upcoming reassessment, I can't adding extra money to the current tax base for anything except fire and police.
66	no
67	NO. Maybe what should be reviewed is how much waste there is and what it is spent one. The answer always seems to be to raise the taxes. That is not the answer it just gives more money to be wasteful with
68	Absolutely not, being a non-resident I think I already pay too much. Get an income tax in NH!
69	No; we pay enough in taxes in every other way. I suppose some people want to see a Sales or Income Tax, but wanna see those of us who care come out of the woodwork? Just try to propose one or both!
70	Yes
71	maybe
72	no
73	yes
74	no
75	NO--believe the town should be able to live within its budget and each year prioritize funds for certain projects. With our most recent tax assessment (big increase), there should be sufficient funds to support any and all projects. Must learn to be fiscally responsible and not over tax the town residents.
76	yes
77	Within reason.
78	Yes
79	yes
80	No
81	I am undecided at this time. I would hope taxes would not increase.
82	yes
83	Depends, I would if the cost was fair. Here in Ct I believe the state and town employees are overpaid, and that is the problem I have with recommending more projects in Bristol. I want good employees, but I want to pay the market price for these employees. How is it happening in Bristol?
84	yes
85	yes
86	Yes
87	We feel taxes are quite high as they are. Maybe consider tax money to be distributed differently
88	No. Our taxes are way too high already. Plus I'm disappointed that after we voted in a hdc they charge money for apps etc, have an incredibly lousy website that takes forever to download, too small print to read, is under construction, and freezes the computer. The hdc was supposed to apply for grants to help the square. Instead they hire a secretary (the conservation c. doesn't have one) and turn into a bureaucratic nightmare puffed up with self importance. What have they accomplished? Hundreds of ugly signs with coca cola have proliferated. Even though the master plan calls for NO TOWN OR FAMILY EVENTS SHOULD BE PROMOTED WITH SOFT DRINKS...
89	Yes, but not that it's so much it's such a burden on everyone. We support local businesses and have gone to events at the HS to show our support for the town, and participate in fundraisers.

90	Yes.
91	yes
92	Definitely not! The taxes should be lowered!
93	yes
94	for sewage yes I would vote to contribute more
95	I am not a registered voter in the Town of Bristol as of yet. Until I live there more than 6 months out of the year I cannot. I vote in the town considered to be my primary residence. Our second home, used year-round, is in Bristol.
96	Only for public sewer to protect the lake.
97	Only if the people in charge of spending the money have the common sense and ability to see down the road what is going to happen to Bristol.
98	NO NO NO
99	Undecided. We own a very small seasonal cottage on the lake and the taxes have increased substantially in the 18 years we have owned it. The taxes spent vs. services received for non-permanent residents is already inconsistent.
100	Absolutely not but highly in favor of more prudent use of funds with a modest increase.
101	NO! We on the lake at Bear Mt Cove are already over taxed for the limited amount of services we receive
102	Possibly as long as it is spent wisely
103	Yes
104	yes
105	As it is now I think we are paying way to much for taxes...seeing we really do not receive any benefits, we maintain our road, have a well..never used the school system...I'm sorry if I sound ungrateful but our taxes are to the point we probably will have to sell soon..
106	Cannot Vote (Seasonal)
107	yes
108	Yes
109	possibly..but my taxes are extremely high for the limited services provided..i would rather see a shift in the prioritizing of how tax money is spent
110	NO.
111	A little.
112	Yes.
113	yes with limitations.
114	Certainly but I am also concerned, as a lake front home owner, that the lake front residents, who use few town resources (e.g. schools, fire dept. etc.) may end up footing a bill needed to actually help the local town people. Current tax structure is NOT equitable in that regard and it is a concern.
115	NA But if we could vote it would be to recover costs of providing services to surrounding communities (eg. schools, mutual aid, etc.) and apply those funds to 1)reducing property taxes, and 2) to land acquisition.
116	no, Lakeside property taxes pay disproportionately
117	No, I do not live here year round so I am not able to vote yet.
118	yes
119	yes
120	Probably not, with the exception of more recycling
121	Modest increases are to be expected, but as a land owner with no vote it is difficult to recommend increases in taxation with no opportunity to influence the decisions.

122	If we felt the money was necessary to maintain or improve the integrity of our investment.
123	Yes
124	Yes.
125	Yes
126	Possibly.
127	depends
128	No.
129	depends more info needed
130	ONLY if it is for brining sewerage to the properties at the lake. We are assessed for and are paying much more than the property taxes in Bristol proper and do not use many of the amenities without any voice.
131	I would
132	Yes-when it comes to the elderly
133	The only thing I would vote for is a sidewalk on West Shore Road.
134	very lkely
135	No. I feel that Bristol already has excessively high property taxes!
136	It depends what the monies are used for
137	No
138	Sewers would fall more on homeowners-
139	Possibly.
140	More like re-allocation of funds Bristol already has.
141	no
142	Not if it means increasing the existing property tax. Rates are already high in comparison to what the tax payer receives in return. A way should be found to distribute the school portion of our tax bills equally among the other towns using our schools. Another reason for not living in Bristol.
143	Yes
144	yes
145	NO
146	Yes
147	NO. I would favor a re-distribution of the current tax revenues which may mean a cutback in certain services like police and fire.
148	yes
149	Yes for things to keep the serenity and peacefulness of Newfound Lake.
150	no
151	yes
152	Yes
153	Widen, Fix W. Shore Rd., some young child, elderly, bike riding is going to get seriously hurt new pavement, sidewalks... its the absolute worst road in the state on NH. Love the new bike path, but this road is an eye sore, and very dangerous.
154	I can't afford higher taxes I am on a fixed income.
155	property owner but non resident. can not vote.
156	I don't know. It will probably be necessary, but property taxes are already high.
157	yes
158	ABSOLUTELY NOT!
159	ABSOLUTELY NOT!

160	yes, within reason
161	Yes
162	yes
163	no
164	of course... i didnt recommended any
165	NO - I think the taxes are high enough, with non-residents paying a disproportionate share of the tax burden, without benefiting from the local services they fund.
166	no taxes too high as is
167	yes
168	the tax burden on residence is already to high. its time to fix problems instead of buying a way out
169	yes
170	Yes
171	No
172	No,taxes are already too high!
173	Yes
174	NO !! We are taxed enough. The town should be able to promote proper growth and development within it's current budget.
175	No
176	Yes
177	Yes
178	Yes
179	Yes
180	Yes
181	Yes!!!
182	No - the tax base is very large because of the Lake district and the town government should be able to work within the budget.
183	no
184	No
185	yes
186	Yes, I would pay extra for town sewer or something to upgrade downtown. Although I already pay a substantial sum for a property I only use 4 months of the year.
187	No, not while living on a fixed income
188	no
189	yes
190	If need be, but only after a review of what we already have in place and whether or not the funds are being used correctly or could be used differently without increasing taxes...
191	Yes
192	No
193	NO!!!
194	yes
195	Yes!
196	No, I already pay high taxes and get no services
197	yes
198	I'm not a resident
199	Yes
200	yes

201	Yes
202	No- expand the tax base and gets grants for some of these things.
203	most likely
204	education funding walking trail
205	yes
206	maybe
207	yes
208	Am not sure on that one....
209	no
210	No. I think the taxes are really high and a lot can be accomplished if the money is used in the right areas.
211	NO as the tax increase has had and will continue to have a negative affect on attracting people to buy and is causing many to attempt to sell their homes. That is one reason so many people in Florida and the New England are moving to Carolina's or Tenn.
212	??
213	No.
214	Not sure.
215	n/a
216	Yes, aslong as it is a good solid plan.
217	yes
218	No, the taxes are already out of control. People are being forced to sell due to high taxes and you are starting to price rentals out of the market. Three room cabinds are commanding \$1,400.00 per wk or more. What happens when the renters can't afford to visit ur town. Tourist \$ gone, slow down.
219	NO
220	NOT A VOTER IN BRISTOL
221	park benches? YES! And ill plant the tree myself. I cant tell you how often there are prego mums down there sitting in the dirt under the hot sun. such a simple thing would bring so much happiness!
222	I would rather ses the money come from more industry.
223	No
224	Perhaps.
225	No, we believe spending should be curbed so that property taxes can be reduced. Since about 60% of revenue comes from seasonal residents who do not use any services to speak of, the town should be able to run itself on the revenue from the 40% of year-round residents who use the schools, etc. If spending is curbed, the tax revenue from seasonal residents should be considered bonus revenue.
226	Always have.
227	depends on the project
228	YES
229	Yes, but I do not want to subsidize competition for the small business owner. Don't take by eminent domain from the private owner.
230	The residents of Bristol have, I think, shown a willingness to financially support betterments to the community - so long as they are done in a responsible manner.
231	I would - bearing in mind that there are some things my taxes are spent on of which I feel the funding should be decreased.

232	yes, but unfortunately I wouldn't be very comfortable with the management of the extra tax money, so I would probably vote it down.
233	Over time.....I think with the schools asking for improvements that most municipal initiatives will have to take a back seat. I don't think people can pay more to taxes. Keeping the services we now have should be a priority.
234	Tax base is already very high for us, so I'd have to say no, not without a budget review.
235	Yes!
236	Yes!
237	NO.. Reduce spending don't increase it! Lakefront owners are being forced to sell because of the crazy taxes! Valuations are not realistic to true market value!
238	maybe
239	Yes.
240	yes, but if done correctly town development will increase overall tax revenues.
241	Maybe. Our taxes just went up didn't they? If business were encouraged to locate or develop in Bristol, they might contribute more to the tax base and not require increases
242	no
243	Would need to know more about the town budget process before i could state one way or the other
244	NO
245	yes
246	Absolutely not. Many of these projects can be privately funded. Don't turn NH into Massachusetts-North. Need to recycle better namely plastic should be recycled. Maybe limit trash to two bags, then any additional would have to be paid for. This way it would encourage flatlanders to recycle.
247	If it was considered and supported by the town as a whole and spent to improve the town for the most taxpayers.
248	yes
249	yes
250	Yes.
251	yes, but would also encourage and hope that other funding would be part of the mix.
252	Yes
253	No - I think I pay enough taxes as it is.
254	Sure
255	yes
256	Yes, as long as the increase went directly to Bristol Community Services.
257	Yes
258	Yes
259	As a summer resident of the Lake area my taxes are already steep. Funding should come from the other, year round residents - they are the chief beneficiaries of the improvements. Rebalance the tax load!
260	would prefer some type of grant or individual contributions. I know, easier said than done!
261	yes, if i were a registered Voter,instead of a land owner,and tax payer.
262	NO
263	NO
264	Not likely. Make do!
265	YES!!!

266	Yes, provided that there was a return on the money invested to the voters.
267	Of course we would.
268	No
269	Unfortunately I am not a resident of Bristol, if I was I would vote for extra tax money to be spent this way. I am a property owner and do pay taxes that will be used on these projects if they are voted in...
270	N/A - I don't have a vote as a non-resident. Otherwise, yes, if properly invested.
271	Yes
272	yes
273	no
274	yes
275	No
276	possibly
277	I am aware tax dollars are needed to fund all work however I was just reassessed which has resulted in nearly a 50% increase in my property taxes this past year, it really has hurt me financially.
278	yes
279	yes
280	Summer resident & business owner, don't have voting rights
281	absolutely not. I pay \$5,000 for a 500 square foot cottage that is seasonal and has no town provided services such as trash pickup, sewers, we can't use the schools yet pay for the use, very little street lighting, and it took one year to get the town to change the street sign to the correct name that the town had mistakenly changed. I would like to see some changes but as a summer resident of 27 years it has been very frustrating getting anyone to do anything for a summer resident. We contribute to your economy, but are treated badly. I think the town should add to the survey accepting summer residents as an important asset rather than a necessary evil.
282	Yes, if project plans are detailed.
283	yes
284	Can't vote because I am seasonal at the moment but I still pay taxes and should be allowed to have input in the area I summer at.
285	Yes.
286	No!!!!!!!!!!!!!!
287	possibly for the town sewer project
288	no
289	Yup!
290	yes.....but why not divert some of the current tax base from education (check the population!)and address future goals
291	If it was used only for that purpose.
292	yes
293	Only if the extra tax went for a specific project and was then rolled back.
294	no
295	yes
296	yes
297	no.....
298	Dependent upon project type, project scope, and planning and controls planned
299	Not at present. The last tax hike occurred just recently and was quite steep.

300	yes
301	yes
302	NO
303	Yes!
304	Yes.
305	Yes - if the tax designation were very specific to maintenance of facility or service. (for example - to fund library expansion or ambulance or demolition of dangerous building, etc.)
306	yes
307	Absolutely.
308	Can not vote not taxpayer - but taxpayer shouldn't pay extra... business growth will
309	No thank you
310	NO
311	Yes!!
312	Yes!
313	Yes
314	YES
315	Yes if it meant Tax reduction Later
316	Yes
317	Not for higher taxes but for using the money differently
318	No
319	NO
320	Undecided
321	Yes
322	Would I, could I, should I? I can't answer this question #22 - until I know how much tax money you are talking about., No carte blanche, O.K's, until I know the facts presented and the price tag.
323	Yes
324	No
325	Yes - fo rnew management
326	Yes
327	No
328	No
329	Yes
330	Yes
331	YES
332	Not certain
333	Maybe
334	No
335	No - more efficient management of current funds - more oversight - less waste. Bigger is not necessarily better. Improve existing facilities. Paint, plant, refurbish.
336	Yes (within reason)
337	NO! INSTITUTE A SALE TAX TO LOWER PROPERTY TAXES
338	NO NO NO
339	Yes
340	yes
341	No

342	No
343	We Don't need more money we need talented minds - administrators, teachers and police.
344	NO - I'm on a fixed income - we need to lower taxes
345	Absolutely not. Bristol needs commercial income sources of revenue, not an unreasonably exploding tax burden on residents. The town is not and should not be expected to turn into a snob community of exclusive affluence. Double-digit tax increases in an economic atmosphere of 5% inflation is presumptuous and unconscionable.
346	No, taxes are already too high
347	YES BUT IF IMPLEMENTATION OF A REGIONAL (5 TOWNS) COOPERATIVE DOES NOT SAVE MONIES SCRAP IT AFTER YEARS
348	NO Taxes are already to high
349	NO
350	I cannot afford more taxes, I need to sell in the very near future. I think seniors 80 and over shouldn't have to pay the school tax. That would help us. We are proud people & I don't want welfare.
351	Yes
352	NO
353	YES
354	yes
355	no
356	no need for extra tax money adding practical industry
357	NO TOWN SPENDING ESPECIALLY SCHOOL SPENDING IS OUT OF CONTROL
358	Yes - but at a moderate tax increase
359	If I could I would
360	This would have the effect of killing #20 and #21
